Class A, Section 1

Class A, Section 3

Torpedo Bay

Class A, Section 4

The Servant

Observation: A cinematically brilliant examination of the corrupting power of an evil character, this film requires certain reservations; its portrait of human corruptibility may be overdrawn and for some its treatment would be occasionally shocking.

Note: An A-4 classification is given to certain films which, while not morally offensive in themselves, require caution and some analysis and explanation as a protection to the uninformed against wrong interpretations and false conclusions.

Class C (Condemned)

Mistress for the Summer, A

Objections: This odious film, a story of blatant sexual misbehavior, is presented without moral significance. In its treatment, furthermore, it resorts to gross suggestiveness in costuming, dancing and situations.
