Fashion Show Models Chosen By Geneva CDA

Geneva— Models have been chosen for the annual Fashion Show of Court Annunciation, Catholic Daughters of America, to be held at 8 p.m. May 6 in Club 86.

Further plans for the fashion show were made at a Court meeting recently in St. Stephen's School hall.

TEEN-AGE models include Kathleen Harding, Gloria Harding, Sharon Linehan, Loretta Ann Linehan, Barbara Bihary, Kathleen Cooney, Alicia Fennell and Mary Beth Monaco.

Adult models are Phyllis Harding, Mary Jane Cooney, Joyce Dailor, Mary Zapple, Olive Kelleher, Lucy O'Brien, Gertrude O'Malley, Virginia Tracy, Jean Schibley, Lorraine Maher, Patricia Maher, Barbara Deane, Helen Fahy, Jean Featherhill, Mary Weiste, Beryl Mulvey, Sheryl Hennessy, Colleen Venturino, Dorothy Linehan, Eugenia Luchanru, Mary Ann Furruro, Schibley, DeFrancisco, Ann Monaco, Lillian Di Duro, Virginia Murray and Doris Tancy.

Fashions will be from the J. W. Smith Dry Goods Store. Joyce Maher will be in charge of music for the show and Mildred Fisher will be emcee.

Career Club Explores Music As Profession

Sister Mary Cordis and the girls of the Career Club of St. Mary's, Horseheads chose the topic of Music as a vocational field to be explored Sunday, April 23.

Sister Rose Alice, S.S.I. of Nazareth College (Rochester) Music Department and Mrs. Katherine Allen, Elementary School Music Teacher met with members of the Career Club to introduce them to the varied aspects of the musical profession.

Mrs. Katherine Allen, graduate of Nazareth College of Rochester and present music teacher at Broad Street School explained to the girls the necessary musical training and professional qualifications needed to be a successful and enthusiastic teacher of Music.

Outlining the dual profession of the musician and the religious, Sister Rose Alice, instructor in Theory and Voice, pointed out to the girls the need for physical stamina since the musical profession is a grueling one from the point of view of teaching as well as performing.

Sister noted that the students in a musical class commanded from the teacher the same enthusiastic instruction at nine o'clock in the morning as well as at the last class of the day at three o'clock.

Preceding the discussion of the musical profession, Miss Genevieve Meur of the Federal Bureau of Social Service explained many of the little known job-offerings open in the field of governmental employment.

Refreshments will be served.

Artificial bubbles are for seltzer - not for beer.

The idea of shooting CO₂ into beer has never appealed to me somehow. Oh, the process is widely used and accepted in the industry today, and I'm sure there's nothing wrong with it. It saves time and space and refrigeration, and hence money, by making it possible for a brewer to cut the aging time down to two or three weeks and still turn out a beer with "life."

But it just doesn't appeal to me. I always felt that beer should have a natural life of its own, and that's the only thing you'll ever find in a bottle of Utica Club beer. I think it makes a difference in the beer. I think it's the only way you can turn out a beer that has mellowness and maturity - by aging it properly.

And judging by the amount of Utica Club we're selling, there are still plenty of stubborn characters around who agree with me.
 Walter J. Matt, President, The West End Brewing Company of Utica, N. Y.
