Sr. Rose Ellen Listed At South Asia Seminar

Sister Rose Ellen, S.S.J., chairman of the Social Studies Department of Nazareth Academy will participate in an Overseas Seminar on aspects of modernization of Southern Asia from June 26 to September 12.

IN THE GROUP will be 19 key teachers and supervisors of Social Studies who participated in a program for research and study on non-western lands at Syracuse University during the summer of 1962 or '63. The seminar, under the direction of Syracuse University professors in cooperation with the United States Department of State and New York State Department of Education, is part of a national and state attempt to give greater emphasis to these lands in the social studies curriculum. Such emphasis will require special attention to teacher training in this area.

Sister Rose Ellen's interest in the non-western world goes back about 10 years when she introduced at Nazareth Academy an elective course in World Cultures for seniors.

Sister will leave from Kennedy Airport June 26 and arrive in Istanbul the following day. After a short stop, she will go on to New Delhi where the group will spend one week. With short stops at Agra and Benaras, they will proceed to Calcutta for a week's study. Bangkok, Manila, and Hong Kong will be the final major stops on the trip.

The eleven weeks of travel and study will be concentrated principally on India and the Philippines. The entire group will spend the first four weeks in northern India under a Syracuse University professor, Dr. O. P. Gupta, visiting lecturer of Political Science from India. All aspects of modernization will be studied in connection with the Community Development Programs in industry, agriculture, and education in these lands. After one month in India half the group flies to the Philippines for the remaining six weeks of the program. Professor Hart will be in charge of the study in this country.

In the Philippines, the members will meet with government officials in Manila, visit community development centers and spend a day at the Institute of Philippine Culture, the Ateneo de Manila. Each has a study project on one aspect of Filipino life. At Hong Kong the group will participate in an International Conference of Asian Historians.

On the return trip, Sister plans to stop at Tokyo. Then she will fly to Anchorage, Alaska, and to Denver, Colorado, where she will have a short visit with her brother and his family.
