South Orange, N.J. — (NC) — Two crack infielders on the Seton Hall University baseball team which had a 25-5 record and put the Pirates in the college world series have signed bonus major league contracts.

Thirdbaseman John Monteleone, who batted in 25 runs and hit .357, signed with the New York Yankees. Secondbaseman Jack Tracy, who hit .320, cast his fortune with the New York Mets.

Thru The Looking Glass

Fitness

By LOUISE WILSON

Louise Wilson is heard 11 times each week on WHAM: 9:10 Monday through Friday & 9:25-55 Monday through Saturday.

With Stan Musial at the head of President Johnson's Youth Fitness program, it's sure to stress baseball. This will take care of most of the boys of the land and a few ladies' soft ball teams. However, we hope there will also be great emphasis on swimming since this is the one sport that exercises and tones every muscle of the body. And as if there weren't reason enough, the new bathing suits are, when well chosen, very attractive and flattering. But before taking the plunge, may I suggest you try on that new bathing suit in front of a mirror. View yourself both going and coming. If the reflection leaves something to be desired, EXERCISE!

The right exercise will not only improve your silhouette but will develop the loveliest, long, slender swimming muscles. Florence Chadwick, famous channel swimmer and all-time champion suggests some simple exercises which are the best physical fitness program that swimmers or non-swimmers could embark upon. When Miss Chadwick is in training, she walks at least three miles a day. It's just as good for us who are not in training, too. So in or out of competition, walk at a brisk pace on a flat beach. Not uphill or up steps because this tightens the muscles and the ideal is to keep them loose and flexible. For back and stomach muscles, note the two illustrations. Instructions below:

FOR BACK AND STOMACH MUSCLES: a) Take a good stance with feet spread wide. Keeping the knees straight, touch finger tips to opposite foot, swinging from side to side. Continue as long as you like. b) S-T-R-E-T-C-H arms straight up. Then touch the ground with your finger tips or the flat of your hand if you can make it. Keep the knees straight. Repeat and repeat. To develop a good leg kick, Florence Chadwick's exercise is to hold on something for balance . . . like your beach umbrella. With knee straight but relaxed, kick from the thigh (not from the knee) forward and back eight times with each leg. Keep it up longer if you feel like it and your time allows.

If your figure leaves nothing to be desired but the season in the sun causes you to burn to a frazzle, especially when you prefer to remain "pale and interesting," try SUN STOP. It promises to stop the burning rays and prevent burns thus keeping you tan-free. On the other hand, if you want to stay in the sun up to four hours tanninb the while, consider Bronztan Cream-Lotion. It applies in a twinkling, absorbs right away and produces a wonderful tan without a chance of a painful burn. After you get your tan, to make it last longer and look prettier, there's After Glow. It moisturizes and amplifies the glow. As its name indicates, you can expect to hang on to your tan longer.

Bronztan products, one to make you tan safely, another to make your tan last longer, or block out the sun if that is your wish, have been sun-tested under Medical Supervision. And even as you're reading this, in sun or shade, I'm racing between the cool air conditioning of the Delmonico Hotel and the heat of New York City streets en route to even colder fashion showrooms. It's Fashion Press Week time again and I'm off to cover the Fall and Winter showings of the American Designer series presented by Eleanor Lambert. I'll be writing my next column from New York giving you the latest news from the fashion front along with my daily phone calls to my program mornings at 9.25.

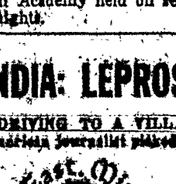
INDIA: LEPROSY AND BLINDNESS

DRIVING TO A VILLAGE one black night in INDIA, an American journalist picked up an old man who had been hit by a truck. The bystanders shook their heads and said, "Only a foreigner would stop and help one of his!" . . . The fact is that in INDIA, 99 per cent of the people have virtually nothing. To help them is a privilege and a joy . . . Always hungry, they suffer from leprosy, tuberculosis, dysentery, blindness. With very little we can do a lot of help . . . In MONIPALLY, a village in the south, for instance, the native Bishop is building a hospital. The hospital will care for the poor, Hindus as well as Christians. It will help cure people, retard-ed or aged, as Christ himself cured them! . . . The Bishop tells us, however, that he has room so far as he can go. The hospital's construction is at a standstill because there's no more money for building supplies . . . To finish the hospital will cost only $15,000—not much in terms of hospital costs in the U.S.A. In MONIPALLY, however, $15,000 is a fortune! . . . Won't you help? . . . Whatever you can afford—$1, $2, $5, $10, or more—will give food, medicine, and medical aid, in the interest of God's poor. Mark your gift "MONIPALLY"—and please send it now. You'll help lepers, the hungry, the blind.



The Holy Father's Mission Aid for the Oriental Church

WORLD ON A SHOESTRING

The Catholic Near East Welfare Association was established in 1926 by the American bishops to support mission activity in 17 underdeveloped countries, some of them in the Holy Land itself. It's a far-flung mission world—and we're holding it by a shoestring. That's why your help is so important.

- ☐ $5—Buys a blanket for a Bedouin.
- ☐ $8—Cares for an orphan in Egypt for one week.
- ☐ $5 New shoes for a native Sister in Jordan.
- ☐ $7—Supports an Ethiopian priest for one week.
- ☐ $10—Feeds a Palestine refugee family for one month.
- ☐ $25—A crucifix for a mission church in Iran.
- ☐ $100—A Mass kit for a mission in Eritrea.

WHY NOT "ADOPT" A SISTER?

She'll do what you would like to do, as long as she lives . . . She'll care for lepers, teach youngsters about God, be a mother to orphans, an angel of mercy to the sick . . . She'll write to you, and you may write to her. You'll be always in her prayers . . . Why not "adopt," for instance, Sister Mary Liliosa, of the Carmelite Sisters, in India? To complete her training, over the next two years, she needs $240 altogether. You may make the payments at your convenience ($12.50 a month, $120 a year, or $240 all at once). You'll be pleased to have her as "your" Sister . . . Write to us now.

WHERE THERE'S A WILL, there's a way, our mothers told us—and the maxim applies to our mission overseas . . . Mention the Catholic Near East Welfare Association (our legal title) in your will, and the good you do goes on long after you are gone . . . You can pay for the education of a native priest ($600), for instance, leave something to be used "where it's needed most," or ask our mission priests to offer Masses . . . Why not speak to your lawyer?
