

Pope Tells Spaniards

Use 'Dialogue' in Unity Search

Leon, Spain.—(RNS)—Pope Paul VI, in a broadcast to the sixth National Eucharistic Congress here, called on Spaniards to use the "mechanism of dialogue" for an "interchange of ideas" in search of unity and truth.

Speaking in Spanish, the Pope noted that the congress' theme was, "They All May Be One," and emphasized that unity was the desire of Christ "which His disciples must bring about by their constant efforts."

Christ, "by His death," the Pope said, "broke down every dividing wall so that hence forward there would be neither Jew nor Greek."

The "true Christian," he said, seeks this "mystery of unification" not only in religion but in human society. He is ready to see in society, the pontiff stated, "as a sign of the times, the movement towards certain expressions of unity acting like a leaven in the minds and upon the knowledge and action of people with a desire to do better and achieve a higher conquest."

Mrs. Dwyer's Requiem Sung

She was an honorary member of St. Michael's Altar and Rosary Society.

Mrs. Dwyer was born in Hemlock, Jan. 22, 1895. After her marriage in 1914 at St. Michael's, she and her husband resided in Rochester for 30 years and were parishioners of the Immaculate Conception Church. In 1951 they made their summer residence on Conesus Lake, their permanent home.

India Christians Sterilized

Trivandrum — (RNS)—Statistics released by the State of Kerala show that Christians made up 20.2 per cent of the 45,000 persons voluntarily sterilized in the state during 1957-63.

The proportion is roughly the same as that of the total number of Christians in Kerala's population.

Asserting that "to live in oneself up in a house of glass," Pope Paul continued: "The world viewed in the light of the Gospel always offers things that are rich, profound horizons lacking in all and affairs that can be brought again to the original design of unity ordained by God."

In the dialogue movement, the Pope said, "there will be a change of ideas in the search of the truth in its richness."

Confronted with interaction of ideologies and contrasting forces which are impossible to dissociate one from another, one must have in mind to pray to the One Master.

In his message the Pope also said that Catholics must strengthen their faith, the vigor of their Christian life, their religious education and their missionary efforts.
