ELECT JACK WILLIAMS TO CONGRESS

Assistant-City Manager for the City of Rochester for the past two years, Jack Williams acted as a trouble-shooter for the city government, throughout the field of Rochester's city government.

Williams left his job as a reporter for the Rochester Democrat and Chronicle on the election of President Kennedy. He joined the New Frontier in early 1961, serving with the Department of Commerce as a speech-writer for top Commerce Department officials, as managing editor of the government weekly "International Business," and as a public information officer for the International Trade Fairs program.

While working for the D & C, Williams specialized in labor, courts and welfare matters. He was

the recipient of the 1959 Press Award of the New York State Bar Association.

Before joining the Democrat and Chronicle staff, Williams worked as a newspaperman in Europe, Connecticut, Louisiana and New York City.

Jack Williams, born in 1930, is a graduate of Bowdoin College. He is a Roman Catholic and lives with his wife, Marjorie, and daughter, Lisa, at 101 Castlebar Road.

Notre Dame Club
\$15,000 Endowment Fund

The Notre Dame Club of Rochester has established a \$15,000 endowment fund to provide scholarships to the University of Notre Dame for area students.

Each scholarship winner will receive \$1,200, equally distributed over a four-year period. The first \$300 grant will be made to an entering freshman in the fall of 1969, and another recipient will be added yearly until four boys at a time are receiving financial aid.

Any male high school senior in the Rochester area, who has been approved for admittance by Notre Dame, is eligible. The first award winner will be announced next Spring. Candidates will be judged by a panel of local Notre Dame alumni on high school record, college entrance examinations, extracurricular activities, and financial need. Students may apply through their regular high school channels.

Reginald A. Morrison, president of the Notre Dame Club of Rochester, said today there will be no restrictions because of high school record, college entrance examinations, extracurricular activities, and financial need. Students may apply through their regular high school channels.

Charles J. O'Brien, left, is chairman of the Scholarship Committee of the Notre Dame Club of Rochester, whose president, Reginald A. Morrison, right, announced yesterday the establishment of a \$15,000 endowment fund to provide scholarships for area students to the University of Notre Dame. Any youth who has been accepted for admittance is eligible. There are no restrictions because of high school, color, or religion.

Morrison said the scholarship fund is one of the strongest of its kind in this area. The \$15,000 on hand came from fund raising activities over the past 10 years by members of the local club and its auxiliary. A program of prudent investment, Morrison hailed the success of the club's scholarship committee, which has been spearheaded from the start by Charles J. O'Brien.

"Many well intentioned alumni funds," Morrison explained, "fail for different reasons: an annual fund raising project falls flat, a weak committee, or simply lack of money. One local group, for instance, awarded a freshman \$300 for his first year, but had nothing for him the second year because the till was empty."

The Notre Dame plan, on the other hand, proposes to make annual distribution to students from income earned on the endowment fund, which is invested in bonds, preferred stock, and common stock. As the principal amount increases, the annual distribution will rise proportionately, thus providing continuity and growth.

The club's immediate goal is to increase the principal to \$100,000, a figure that would permit it to award \$1,800 a year to each of the four recipients attending the university.

"We are being conservative at the start," Morrison said, "because we want gradually to increase the value of the scholarship, never to go back. Our long range objective is to provide full scholarships covering board, room, and tuition."

He said the modest start of \$300 a year is being initiated now, instead of a further wait.

Relatives Plead For Prisoners

By FATHER PATRICK O'CONNOR
Society of St. Columban

Salgoon—(NC)—Sixty-two Vietnamese wives, mothers and children have written an open letter "with blood and tears" on behalf of their husbands, sons and fathers who were transported Oct. 1 without a trial to Conson Island penal prison.

These men "have been detained since last November," the letter states.

"No charge has been brought against our husbands, our sons and fathers. No court order was issued for their arrest. They are detained on the simple suspicion of having participated in the activities of the Ngo Dinh Diem regime. In many cases our properties have been confiscated without trial before a thorough investigation to determine their nature and origins."

Campaign Nears Half-Way Mark

Very Rev. Michael G. Downing, CSS.R., rector, announced this past week that the campaign for the new Notre Dame Retreat House had exceeded the 40% mark in its effort to raise a minimum of \$500,000.

Pledges totalling \$261,665.50 were reported last Monday, October 28.

"We are very encouraged by the response of those who have been contacted thus far," Father Downing stated.

"If all those yet to be contacted, will be equally as generous, we will most certainly be assured of success."

Contributors to the Notre Dame Retreat House Building Fund are being given an opportunity to become "shareholders" in the diocesan retreat movement. Donors of \$5 or more per month will be given "shares" in the form of a facsimile stock certificate suitable for framing, signifying their support of the retreat movement.

THE CAMPAIGN committee of more than 1,500 retreatants from 164 parishes in the twelve county diocese is currently soliciting pledges in the General Solicitation phase of the campaign. Initial pledges reported to date include over 50 individual pledges for \$1,000 or more. More than 200 donors have been listed in the Memorial Program.

Spoon of Rice Builds Church

Seoul—(RNS)—Catholics of the Incheon diocese—smallest in the country—are setting aside a high ritual of a spoonful of rice to be collected and sold later to raise funds for a new church honoring the Korean Martyrs.

The year 1866 will mark the centenary of the persecution of the Christians in Korea, and it is hoped that it will also see the canonization of 76 Korean and French Catholics. They died defending the faith during an almost century-long era of persecution which began shortly after Christianity was introduced into the country in 1784. The 76 Martyrs were beatified in 1925 by Pope Pius XI.

Plans for erecting the new church were announced by American-born Bishop William J. McNaughton, M.M., of Incheon. He appealed to his faithful to help by collecting donations of rice in all parishes.

Each parish had been assigned a quota based on its population. Those living in the parish to be served by the new church have been given higher quotas.

The rice collection is scheduled to continue for two years—until construction of the new church is ready to begin. The plan was first suggested at a meeting of the Korean hierarchy last April.

U.S. Embassy Hides Bonzes

Salgoon—(NC)—Thich (Venerable) Tri Quang, militant Buddhist bonze (monk), took refuge in this year in the American embassy in Saigon, the King disguised as a Catholic priest, according to a trustworthy source. The episode has been kept secret until now.

It happened on Sunday, Sept. 13, when another bonze, Tri Quang, appeared to be a fool and Thich Tri Quang decided it was safer to go into hiding.

Wearing a black cassock, the regular garb of Vietnamese Catholic priests, he entered the embassy about 10 a.m. He was accompanied by another bonze who was disguised as a layman wearing sports clothes.

The day, though tense, passed without incident. The two bonzes left the embassy during the afternoon.

Thich Tri Quang is anti-Catholic, unfavorable to the U.S. and behind the scenes politician with "at least neutralist leanings."

Pope Meets 'Martin Luther'

Vatican City—(NC)—"I am a friend of the Negro people," Pope Paul VI declared at a private audience granted to U.S. Negro leader, the Rev. Martin Luther King Jr.

The civil rights leader and the Pope met for 12 minutes (Sept. 18) during the audience at the Vatican, the Pope stressed the need to avoid violence and a revolutionary spirit in seeking to achieve full civil rights.

The Pontiff cited his admiration of Mahatma Gandhi and his campaign of nonviolence that led to Indian independence in 1947.

Pope Paul presented Dr. King with a silver commemorative medal of the ecumenical congress.

Dr. King said in an interview following the audience: "I can assure you of this: There are new days ahead when the Pope meets with a fellow with the name of Martin Luther."

Remodel

Santa Fe—(NC)—The sanctuary of historic St. Francis Cathedral in Santa Fe is being remodeled for the celebration of the Mass in English on the first Sunday of Advent, Nov. 29.

Plans call for moving the altar from its rear position into the center of the sanctuary. This will enable the priest to celebrate Mass facing the people.
