

Airline Maps Papal Trip to U.N.

Rome—(RNS)—Airline personnel here said that plans are being mapped for a visit of Pope Paul VI to the United States in October.

Staff aides of Alitalia, the Italian airline, reported they have been asked by the Vatican Secretariat of State to draw up plans for papal flights to the U.S. in October and to Poland in 1968.

Alitalia has been involved in all of the precedent-setting air travels of Pope Paul—to the Holy Land, where he met with Patriarch Athenagoras; to India where he attended the Eucharistic Congress at Bombay; and, more recently, to Pisa.

According to the airline informants, the Pope was expected to spend six days in the United States— from Oct. 18 through Oct. 23.

No confirmation was available from official sources, at the Vatican or from Alitalia spokesmen.

However, the reports tended to confirm recurring reports that Pope Paul would visit the U.S. this year and very likely speak before the United Nations in New York.

(Normally, the United Nations General Assembly is called into session in the third week of September, continuing through December. The report-

ed visit of the pontiff to New York would come approximately a month after the Assembly had begun its deliberations.)

Speculations that Pope Paul would visit the U.S. have cropped up every time he has conferred with a member of the American hierarchy. In most

cases the Vatican has ignored the rumors.

In the case of the reported visit to Poland by the pontiff, the Vatican spokesmen have been cautious in their comments. Prelates close to Stefan Cardinal Wyszynski, Primate of Poland, have made no secret

of their belief the Pope will come to the Communist-dominated land to attend ceremonies marking the 1,000th year of Catholicism in that country.

Reports that the pontiff was considering a visit to the U.S. have appeared in many news services.

Mercy Nuns Rule Out Bias

Bethesda, Md.—(NC)—The Sisters of Mercy of the Union, with some 7,500 Sisters in nine U.S. provinces, have published a statement of policy to promote racial justice.

Spelled out in a 14-page booklet, the policy forbids any racial requirement for admission to the community, for admission to any of its schools or other institutions, or in hiring personnel.

The policy also calls for the Sisters to involve themselves in interracial workshops.

Issued by the superior general, Mother Regina Cunningham, and her council, the booklet is entitled, "The Role of a Sister of Mercy in the Apostolate of Social Justice."
