

McAuley College Head Listed By Friday Club

Sister Mary Petrus, R.S.M., president of Catherine McAuley College will address First Friday Luncheon Club men at Hotel Sheraton, Nov. 5 according to Eugene R. Cusker, chairman of the Knights of Columbus sponsoring committee.

Named in July to head the college where the Sisters of Mercy receive their first three

SISTER M. PETRUS

years of collegiate training. Sister Mary Petrus holds a Ph.D. in English from University of Notre Dame.

SPEAKER will be presented by Rev. William B. Holberton, club moderator and chaplain of Rochester Council K. of C. at the luncheon which begins at 12:10 p.m.

Sister Mary Petrus received her B.A. degree in English from Nazareth College in 1954 and her M.A. and Ph.D. from Notre Dame in 1961 and 1964 respectively, having held scholarships throughout her college training.

She is a member of the New York State English Council.

Damien Award For Peace Corps

New Brunswick—(RNS)—The U.S. Peace Corps has been designated as recipient of the 1966 Damien-Dutton Award for outstanding work among victims of Hansen's disease in many leprosy areas throughout the world.

The 14th annual award of the Damien-Dutton Society is the first to be given to a group, according to Howard E. Crouch, founder-director of the Roman Catholic-sponsored organization.

R. Sargent Shriver, director of the Peace Corps, has been invited to accept the award at the society's annual luncheon which will be held Jan. 30—World Day for Leprosy Sufferers—at Rutgers University here.

The award is a plaque bearing the likenesses of Father Damien de Veuster and Brother Joseph Dutton, famed missionaries of the leprosy at Molokai, Hawaii.

Students' Plea

Clarify Birth Control

Washington — (NC) — A convention of Catholic college students here adopted a resolution calling for a reexamination of the Church's position regarding birth control.

The action was taken at the recent 22nd national congress of the National Federation of Catholic College Students during two days of arguments over a plethora of resolutions.

The delegates also endorsed use of civilian review boards in the law enforcement field, academic freedom and student control of student conduct in the education field, and the

American policy in Vietnam in the international field.

On birth control and the Church's position, the NFCCS said: "In the light of the findings of demographers, and, most seriously, in the light of the thinking of some theologians, the question of birth control certainly needed reexamination."

"There is a possibility that as a result of the current reexamination, it may be demonstrated that the traditional position of the Church on birth control rests on incomplete understanding of Scripture and the natural law. As Catholic college students, we feel the need for more sensitive arguments defending the present Church position.

"In order that every possible effort may be made by the whole Church towards a resolution of this vital question, the NFCCS urges that the faculty, administration and students of every Catholic college exploit to the fullest every available resource in the study of birth control.

Trade Pioneer Bishop Honored

Buenos Aires—(NC)—An industrial exhibition was held here to honor the Catholic bishop and Jesuit priests who are considered to be this country's "pioneers of trade."

Historical records show that Bishop Francisco de Victoria of Santiago del Estero promoted and directed the first foreign export of Argentine goods abroad in 1587.

At that time the ship Santissima Trinidad (Holy Trinity) left port with a consignment of blankets and diverse articles made by the Tucuman Indians in the northern part of Argentina.
