## GOD LOVE YOU

Most Reverend  
**Fulton J. Sheen**

Two girls from England visited Lourdes. They did not know each other and had not even seen each other until they lay side-by-side on stretchers before the shrine of Our Lady. As the procession of the Blessed Sacrament came near, one girl prayed: "Oh Lord, this poor girl is suffering. Heal her and let me bear my pain." The other girl made exactly the same prayer. Both were cured.

We, too, perhaps, would more quickly be cured of our anxieties, fears and problems, if we prayed for others more than for ourselves. Many sufferers have been healed of their disabilities when they forget themselves and helped someone else. We read in the Book of Job that "the Lord turned the captivity of Job when he prayed for his friends." And how parallels in the New Testament follow out this theme, "Do unto others as you would have others do unto you!"

Many of the people who write to us, sending money to the Missions, do it in someone else's name. "I send this \$100 in thanksgiving that my daughter did not have cancer." "Please accept this request for prayers and \$55 for the vocation of my son. I may not live to see him a priest because I have multiple sclerosis, but I can give up smoking and send the money from this sacrifice to the poor." "Here is \$10 to thank God for the gift of faith. I never realized just how priceless this gift was until I witnessed the joy of my wife (and later her parents) at being received into the Church. The least we can do is to share what we have so that others may be given the same gift." "It took the birth of our fifth child, who is blind to make us see how blessed we are. We pray that God will never let us forget how much others need help. Please accept this \$8.50 earned by ironing as a gift from my son, that others who cannot see will get the same care that we give him." Empty yourself for someone else so that Christ may reign in your heart. God Love You!
