**The RYAN HOMES Tradition**  
"GIVE THE CUSTOMER MORE FOR HIS MONEY!"

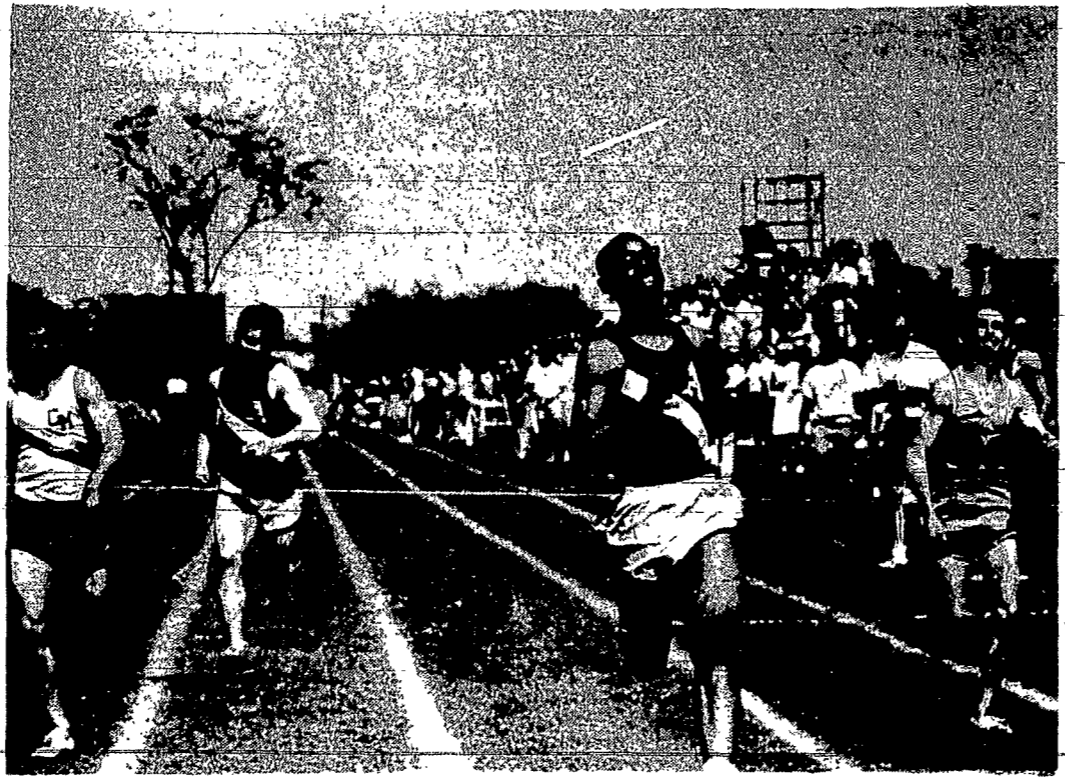

In a time when living costs rise, the price of Ryan homes are consistently lower than other homes of comparable space. The reason is the solid value that has become a Ryan tradition.

After almost a half century of building homes, with sales in excess of 6,000 homes in the last three years, Ryan knows how to hold the line on prices. A Ryan customer enjoys an average \$1500 in extra features and price reduction through this volume buying program.

When you step inside a Ryan home, you'll notice how each area is planned for smooth traffic flow. And you'll see extra features such as automatic appliances, bathroom luxuries, and many, many more. Plan to inspect a Ryan home in one of the listed locations today.

**ANOTHER RECORD.** Don Hall Aquinas dashman leads the pack home in the 220-yard event with a 23.0 second win. Following him are McQuaid's Steve Fahy, at right, and from left, Mooney's Ted Ferrari and Aquinas' Kevin Neu. Hall set new Diocesan marks in both the 100 and 220 yard sprints.

### 15 Records Set McQuaid, Tops in Track

The heat was the difference in a hotly contested Diocesan track championship meet at McQuaid last Saturday. With Aquinas holding a 60-59 advantage over McQuaid going into the last individual event, the two-mile run, a combination of 86-degree heat and high humidity forced runners from Kearney, Mooney, and Aquinas to drop out of the race.

McQuaid, with Eric Kendrick winning as expected and freshman Bob Wafer coming in third behind Dick Fitzharris of Aquinas, picked up 9 points to the Little Irish's 4, and that margin was enough to withstand an Aquinas 880 relay victory in the meet's final event.

When all the points were added up, McQuaid had 71, Aquinas 69, Mooney 55, and Kearney 49.

Ten old records fell in varsity events, and 5 new ones were established in events that have been added since the last Diocesan meet in 1952.

Double winners in the varsity events were Jim Neary of Kearney, in the mile and triple jump, and Don Hall of Aquinas in the 100 and 220 yard dashes.

Neary almost "didn't bother" to take the jump which broke the record in the triple jump. He'd taken two earlier jumps, was tired after his mile victory, and one of his teammates was leading in the triple jump anyway. Advised to take his third try, he made a mighty effort, covered 40 feet 9 inches in the triple jump and set a new meet record!

Neary's teammate John Nemetko, also broke the event record with the same distance, but Neary was awarded first because his second longest jump was greater.

The same down-to-the-wire competition prevailed in the freshman competition he led earlier in the day. Going into the final relay, it was Aquinas 84%, Mooney 63. The Little Irish ran away with the last race for a 69% total score, McQuaid following with 56% and Kearney with 26.

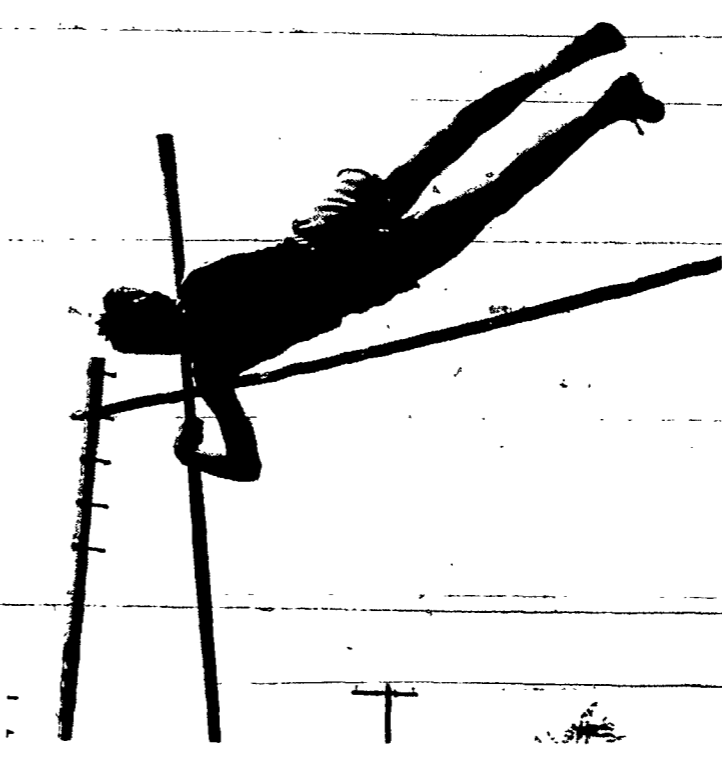

In J.V. action, Aquinas was a decisive winner, 70-53, over McQuaid, with Mt. Carmel of Auburn edging Kearney for third place. Mooney, with 18, and St. John's Seminary of Montour Falls, with 4, completed the scoring.

Since the J.V. division was being held for the first time, there was no record breaking there, but 6 marks fell in the frosh events. Mooney's Dick Felber cleared 5-5 in the high jump. Aquinas had record breakers in pole vaulter Dick Kernis (11-13.3), John Connolly in the 880 (2:12.9), and Greg Moss in the triple jump (39-4).

**Dr. Vorbeck**  
Receives Grant

Dr. Marie L. Vorbeck, formerly a biology lecturer at Nazareth College is the recipient of a \$93,000 grant to continue her work in comparative lipid (fatty materials) metabolism.

She is an assistant professor of microbiology at Temple University Medical School, Philadelphia, Pa.

Dr. Vorbeck is the daughter of Mr. and Mrs. James Vorbeck of Watsonville, Pa., formerly of Rochester. She is a graduate of Holy Family School, Rochester. She received her bachelor's degree from Cornell University in 1955, master of science from Pennsylvania State University in 1958 and doctoral from Cornell in 1961.

The grant was received from the National Heart Institute of the National Institute of Health.

In her seventh year of research, Dr. Vorbeck describes her work as "using bacteria as a model system to hopefully gain information regarding the biosynthesis and function of fatty materials in the heart."

### Federal Aid Helps Students in Geneva

THE USE OF A GLOBE purchased through federal aid stimulates a geography lesson as Joseph Poole, Paul D'Amico and Catherine Buckley locate a country for Sister St. Paul at St. Stephen's School, Geneva.

FILMSTRIPS arouse interests and clarify concepts. Mrs. Kenneth Fisher of St. Francis de Sales School finds this to be true as she works with—left to right—Ronald Carlson, James Hennessy, Susan Simeone, Deborah Bounds, David Wenz, Gordon Eddington.

A full page picture story in the Courier-Journal last week (June 3) described the first tangible results of new Federal Aid programs as they affect students in Diocesan Catholic schools.

One area that was inadvertently omitted was the city of Geneva, whose Catholic school pupils are benefiting from visual aids provided by the Elementary and Secondary Education Act (ESEA) of 1965.

The accompanying photos show two ways in which students at St. Stephen's and St. Francis de Sales schools have been helped by the federal program.

### Speed Reading

Developmental and advanced reading classes at Nazareth Academy are completing speed reading courses.

Of the 170 students in the courses, 90 are reading at least one book a week. Some are reading two and three books a week. Since September many students have doubled or tripled their reading rate.
