ANY WAY YOU FIGURE GAS HEAT IS YOUR BEST BUY!

Whatever your reason for switching heating units, you'll come up with modern gas heat as the answer.

Whether it's dependability, cleanliness or comfort, gas heat always comes out on top.

And it's economical, too. Gas heating units cost less to buy, less to install and less to maintain than units using other fuel. If your present furnace is in good condition, you can probably convert it to gas heat for as little as \$1.70 a week.

Don't delay! Call your heating contractor now and be ready for winter's first cold snap.

No Wonder 3,000 People Switch To GAS HEAT Every Year!
