

### Notre Dame of Elmira Appoints Gerry Everling As New Grid Coach

By AL MALLETTE

Gerald A. (Gerry) Everling, standout Syracuse University linebacker from Chenango Forks, N.Y., is the new football coach at Notre Dame High School, Elmira.

Sister Mary Declan, principal at Notre Dame, announced Everling's appointment last week.

Everling, a 1965 graduate of Syracuse, succeeds the popular, successful Nick Teta as head coach. Teta recently resigned his post at Notre Dame to accept the head football job at Hornell High School.

Everling comes to Elmira from Rush-Henrietta High School, where he was assistant football and head wrestling coach.

Sister Declan, in announcing Everling's selection, said, "Mr. Everling's appointment to succeed Mr. Nicholas Teta as our varsity football coach is the result of a thorough search for the right man. We think we have acquired the services of the best available man in the area. He comes to us with the highest recommendations of his associates and teaching colleagues."

At Syracuse, Everling's former coach Ben Schwartzwalder, lauded the appointment of his former star player.

"Gerry's the type boy who will make an outstanding football coach," said Schwartzwalder. "He has a special feel for football and for coaching. He knows the game of football from all technical viewpoints. He has a keen, sharp football mind."

"Gerry is a very gregarious person. He will get the most out of his boys because he likes kids. They can't help but like him."

Although Everling is better known for his defensive football skills, his greatest athletic feats were accomplished in wrestling.

At Chenango Forks Everling went undefeated in wrestling

his last two years, winning Section 4 crowns in 167 pounds as a junior and 180 as a senior.

As a Syracuse freshman Everling walked away with the award as best interior football lineman and followed with his third successive unbeaten wrestling season at 180 pounds.

As a sophomore Everling won the award for being voted the outstanding sophomore defensive football player, then whizzed through another unbeaten wrestling season.

He continued unbeaten until the nationals at Kent State. Then in a match with Wayne Baughman of Oklahoma, Everling suffered a knee injury and had to default.

The injury required surgery and Everling missed much of his junior season of football and all of the wrestling season. As a senior Everling was out-

standing on a football team which boasted sophomore running sensation Floyd Little and senior Jim Nance.

Although Everling capped his football career with a great job in the Sugar Bowl against LSU, his grandest hour came two months earlier in the game with Holy Cross. Everling intercepted a pass and ran for his one and only collegiate touchdown.

After a Sugar Bowl game Everling returned to wrestling and teamed with Jim Nance to help Syracuse win the Eastern Regional championship. Everling won the 191-pound crown, Nance the unlimited.

At Notre Dame Everling, whose Rush-Henrietta JV's went undefeated last fall, will greet some pretty fair talent, led by All-city end Bill Baker, rated the finest defensive player in the area last fall.

New downtown offices of E. E. Bausch & Son Co., optometrists and opticians, opened last week on the ground floor of the Reynolds Arcade, 16 Main St. East.

For 83 years the company occupied a shop at 6 Main St. East in the Elwood Building, which will soon be torn down for the Genesee Crossroads urban renewal program. It is the last tenant to move out of the building.

In a sense, the Bausch firm is returning to its original home. It was first located in the old Reynolds Arcade, a four-story structure built in 1828-29 and replaced in 1833 by the present ten-story office building.

John J. Bausch, best known today as co-founder of Bausch & Lomb, started the firm in 1853. He was joined by his brother, Edward E., a few years later. The present head of the firm is Edward's great-grandson, G. Robert Bausch of 19 Parker Dr., Pittsford.

Students had done extra research on units and assembled their displays using simple homemade devices and equipment. In every instance, they followed the Scientific Method of experimentation and discovery.

Michael Bayer and William Andres from the eighth grade constructed an electrical relay-tracking station. An original tape-recorded communication system was set up and played to complete the demonstration.

Patricia Dooley and Mary Jo Gerhardt compiled their own print room and developed negatives as part of their project in photography.

Sister M. Jeannette, science moderator of St. John's School, directed the "Science Fair."

### Genesee Brewing Lists Record Sales

Genesee Brewing Co., Inc. has announced record sales for fiscal year 1966-1967, which ended April 30, 1967.

Annual sales reached an all time company high of 1.4 million barrels, which, if converted to 12 oz. bottles and laid end to end, would circle the globe nearly three times.

Gross annual sales increased six and one-half per cent over last year and Genesee's annual barterage has doubled in just seven years. This phenomenal growth rate far exceeds the industry's national average.

Genesee now ranks 19th among the nation's "Top Twenty" breweries and is the fifth largest single plant brewery in the nation.

### Repeal of Blaine Law Urged by Youngsters

Kenneth O'Loane, Ph. D., advocated repeal of the Blaine Amendment, if the Catholic Schools are to survive, in an address heard by parishioners of St. Lawrence and St. Theodore Churches, Sunday, April 30 in St. Theodore's School Hall.

The address brought quick and intelligent response from children of St. Theodore's School, it is reported, this week.

Dr. O'Loane is a New York State Board member of the Citizens-for-Educational Freedom.

The school children cited Article XI, Section 3 of the present New York State Constitution. This section, it was noted, prohibits the State or Local School Authorities to make any contribution, direct or indirect—with the exception of transportation, to the education of those children whose parents send them to "God-centered schools."

"What's the matter with America that boasts she is the 'Land of the Free and the Home of the Brave,'" it is asked.

Graduates of our parochial schools are doing their share in Vietnam. When their names come up in the Draft, they weren't told that they were not eligible to serve, or in many instances to give their lives for America because they had been educated in Catholic schools, another youngster said.

"As we teen-agers view the picture, we feel there should be less talk and more action on the part of our parents, if this Amendment is to be repealed, an older group declared.

Members of the 7th and 8th grade Civics Club at St. Theodore's have demonstrated as young Americans in Action with essays, posters and a marching song on the Blaine Amendment.

The school children are making an all out appeal to the people throughout New York State "to dare to be different

### Toynbee and A No I

By REV. ALBERT P. BARTLETT, S.J. Rector, McQuaid Jesuit High School

Pedro Arrupe, former medical student at the University of Madrid, changed the course of his life when he saw the slurs of Spain, and the sick Lourdes.

He is now the General of the Jesuit Order. In between his medical career and his monastic life, he was driven from Spain during that country's Civil War.

During the second World War he was imprisoned by the Japanese military state, where Yamaguchi, he was accused of political subversion. Asked, "Do you believe in the divinity of the Emperor of Japan?" he replied, "Do you believe in the Emperor of Japan created by the Emperor?" The magistrate dismissed the case.

It was this same, slight, cynical man who last Friday afternoon addressed the McQuaid Jesuits, Rochester's descendant of the group which was suppressed in 1773 by Pope Clement XIV, with his remark, "It is impossible to maintain a true and lasting peace in the Church while this Order exists."

Communication — Father Arrupe explained at McQuaid, the reason for his visit—"To get touch." With so many changes with such new attitudes, the is need for constant communication in the Society of Jesus and in the Church. With this communication, there will be not only lack of knowledge and information, but also lack of understanding.

Congregation — Referring to the recently concluded General Congregation of the Jesuit Order, held in Rome, Father Arrupe called attention to the 11th Decree of that 31st Congregation, noting the danger of putting documents on the shelf. "The decrees are a challenge to remain the same in fundamental spiritual principles, a catalyst to change to relevant to the present world. Change may involve risk," he remarked. "We do not defend our mistakes, but neither will we make the greatest mistake, that of waiting a doing nothing for fear of making a mistake."

Commitment — "Dialog and discussion are necessary but, they must lead to dedication—dialogue to know the will of God—dedication to do it. And this must be a supernatural dedication. Take this away, and we are a group of fools. Our life has no meaning."

He explained the meaning of a Jesuit in today's world as the word "mission-sent." So, a Jesuit is one who is sent—to the will of Christ.

Presently, 593 American Jesuits have been "sent" to 119 universities in 33 countries.

In the United States also they are now on the campus of Harvard, Princeton, Yale, M.I. Chicago, Cornell, Columbia, California, Michigan, Wisconsin, Rochester, and others, studying Classics, English, History, Communication Arts, Music, Computer Science, Geophysics, Industrial Relations, Political Philosophy, Psychiatry, and—do—special work in fields ranging from cosmic radiation to cancer research, television and radio. In addition they run universities, colleges and high schools of their own.

### Debate Cup To McQuaid

McQuaid's New York State championship debate team Joseph Conins, 1617 Scribner Rd. and Kevin Hennessy, Mayfield, continuing their winning ways by finishing their debate at St. Agnes High School in Buffalo Friday evening to capture Provincial's cup.

The Provincial's Cup, donated by LeMoine College, is symbolic of debate supremacy among Jesuit high schools the Buffalo Province of Society-of-Jesus. In the years of its existence, McQuaid has won it five times.

The Buffalo debate was tended by some 150 parents Canisius High School.

Combs and Hennessy were next compete for the debate crown in Nashville, Tenn. in June.
