The Water Heater For the Growing Family

Active growing families need lots of hot water. There's many, many, baths, many, many washings and much, much cleaning to be done. And, as the family grows, so grow the number of helpful appliances to make life easier. Soon an automatic dishwasher is added, then a newer and bigger washer—all to keep you, your family and your home as neat as a pin.

But many times, as you grow, your old water heater seems to shrink. You find you're running out of hot water right in the middle of a shower, or the water isn't hot enough for the second batch of clothes. If this is the case—now is the time to switch to the water heater that grows with your family—an A. O. Smith Permaglas gas water heater.

Because A. O. Smith is quality constructed throughout, it's able to keep up with your growing demands. The glass lining is built to take the numerous changes that occurs when converting cold water to hot. And the thick blanket of insulation keeps the hot water in the tank—where you want it!

So, if your old water heater can't keep up with your growing family—stop in and see us. We'll see that you get an A. O. Smith that grows with you.

10 Year Guarantee . . .
If within the 10-year period your tank leaks or you have rusty water due to a defect in the glass lining, you will receive a new water heater free. On any heater purchased after October 1, 1965 installation will also be free within 5 years of purchase.
