

Name Chairman Harley School For Drive

The Memorial Art Gallery's "Art a la Carte" luncheon-lecture for Wednesday, Oct. 25, will feature a 14th century French breviary in the Gallery's collection. The informal talk is scheduled at 12:15 p.m. in the Cutler Union. To be presented by Isabel C. Hordle, assistant director of the Gallery, the informal talk is titled "Before the Forty Hour Week," a reference to the Four Labors of the Months depicted in the book. Box lunches (at \$1) must be ordered by noon the day before. Lunch will be served beginning at 11:45 a.m.

Joseph DeMaria, 330 Winton Rd., South, has been named Regional Chairman of the 1967-68 "Annual Bonaventure Fund" of St. Bonaventure University. Samuel McClure, director of the fund, announced today.

In announcing the appointment, Mr. McClure said the "Bonaventure Fund" is an annual effort to obtain unrestricted gifts for the university during the period starting Oct. 1, 1967, and concluding June 30, 1968.

The "Fund" goal for 1967-68 is \$150,000, he said. Last year's goal of \$125,000 was exceeded by more than \$13,000, he noted.

Mr. DeMaria was graduated from St. Bonaventure University in 1950.

DEADLINE FOR NEWS MONDAY NOON FRIDAY DELIVERY

The times for this annual autumn event, to be held at the school, 1981 Clover Street, are: Thursday, 9:00 to 9:00, with a food sale from 10:00 to 4:00; Friday, 9:00 to 3:00; and Saturday, with everything half-price, 9:00 to 1:00.

Return from Japan

Rosemarie Farrell, a Bishop Kearney senior is shown here with three members of her Japanese host family during her recently completed summer in Japan as a Youths for Understanding exchange student.

Lecture Series Opens With Fisher VP

Basilian Father Joseph B. Dorsey, vice president for academic affairs and dean of St. John Fisher College, opened the 1967 Christian Culture Series at Good Shepherd Church, Henrietta.

Oct. 5 with a lecture on "Contemporary Youth—Some Myths, Some Realities."

In a pamphlet regarding the series, sponsored by the Good Shepherd C.C.D. and directed by Rev. Joseph M. Sasso, the theme of today's youth and its relationship to the adult world was announced. "Those two words are not the same" said Father Dorsey. "When you and I grew up," he said, "our world was no different than that of our parents or our grandparents. But that can't be said of today's youth. The advances in technology—that surround us—won't change us, but our children are growing up in the midst of these advances, and their world is different."

In the past, Father Dorsey pointed out, the adult world controlled the diffusion of knowledge; youth accepted the habits and mores of the adult world. But adults no longer have that control over the learning process. Children are learning outside the adult's frame of control. "Knowledge pours at youth without structures," he said "and becomes a mosaic within the child; a culture that he makes for himself."

The two remaining lectures in the series will bring Miss Margaret C. Kenney of the Rochester City School District and Secretary of State John P. Lomenzo to the Good Shepherd School Hall Nov. 2 and Dec. 1, respectively.

Alumni Reception

Following Notre Dame's Homecoming game with Elmira Free Academy Oct. 14, an informal reception was held for all Alumni. Although the event is an ND tradition, the Alumni Association this year extended a special invitation to the classes of 1943 and 1967 on the occasion of their tenth and twenty-fifth anniversaries.

The Alumni Association is actually composed of graduates of two schools. In 1930 Elmira's first Catholic high school was established in St. Peter and Paul's School. Then in 1932, students and faculty moved to the third floor of St. Patrick's School. The first graduating class consisted of twenty students.

ND Senior Wins Trip

August Moretti, a senior at Notre Dame High School, Elmira, has won a trip to the ninth annual National Youth Conference on the Atom in Chicago, Nov. 30 to Dec. 2. He is one of the six students New York State Electric & Gas Corporation will sponsor.

Moretti ranks first in his class and is a member of the National Honor Society. He plays varsity football and wrestling and has received awards for work in earth science, biology, chemistry and German.

The Chicago program consists of scientific talks, presentations and panel discussions by nationally recognized authorities in science education and research. The students and teachers in attendance will tour Argonne National Laboratory, one of the Atomic Energy Commission's three principal laboratories.

Hibernians Urge Blaine Repeal

The New York State Board, Staten Island, called on all Ancient Order of Hibernians of New York State to encourage a "big turnout" at the Blaine Amendment Election Day in order to abolish this discriminatory amendment to the State Constitution.

SAVE OUR CITY!

STOP THE SELL OUT OF CITY TAXPAYERS. IMPROVE THE NORTHWEST DISTRICT.

JOHN P. DE CESARE
REPUBLICAN COUNCIL CANDIDATE

DE CESARE STANDS FOR:

1. ADEQUATE POLICE PROTECTION. The fear of walking the streets must be erased. This means more policemen to do the job—and on the beat.
2. IMPROVE CITY SERVICES. The City must upgrade the quality of its housekeeping chores such as street cleaning and maintenance and curbing and trash collection.
3. STOP THE SELL OUT of the City Taxpayer by City Hall. The cost of county-wide services such as the Community War Memorial, Museum, Library and Probation should be shared by all county taxpayers. These functions presently cost City taxpayers over \$1,500,000 a year.
4. PROMOTE CITY-COUNTY COOPERATION to ease the tax load on City taxpayers and obstructions by City Hall toward the County and break down walls of arrogance between City Hall and the people.
5. NEIGHBORHOOD ASSOCIATIONS should be encouraged, and their counsel sought, particularly by District Councilmen.
6. ENFORCE CITY CODES against bad neighbors, such as New York Central and junk yards.
7. MOVE JUNK YARDS TO HEAVY INDUSTRIAL AREAS. Junk yards are inconsistent with urban living. The ordinances adopted by the Democratic City Council fall short of the objective sought by neighborhood groups to get them out of residential sections.
8. IMPROVE RECREATION by converting Edgerton Park into a model neighborhood center, providing facilities at 240 school and enlarging recreation site at 87 school.
9. UPGRADE BUILDINGS BUREAU to departmental level with sufficient manpower to guarantee that good neighborhoods don't deteriorate and to prevent spread of blight by full and firm enforcement of the Property Code.
10. IMMEDIATE CLEAN UP OF SUBWAY BED and repair of walls while decisions are made about utilizing it to relieve traffic congestion and improve transportation facilities.
11. BAN HEAVY TRUCKING FROM RESIDENTIAL STREETS. It is an immediate step to eliminate traffic jams at Lyell Avenue and Read Blvd.
12. EFFECTIVE CONTROL OF EMBERSON STREET LANDFILL, a proper operation of City Incinerator to end air pollution and immediate cooperation with County on solid waste disposal.
13. PROMPT DEVELOPMENT OF MT. READ-EMERSON AREA into a light industrial park, rather than the vast wasteland-maintained by the present city administration.
14. REPEAL OF BLAINE AMENDMENT. Supporters of patochial schools have carried a large share of the education load for too long. As a trustee of my church, I recognize full well the tremendous fiscal crisis faced by the parochial school. They need and deserve help.
15. STOP GERRYMANDERING of Council—Districts for political purposes.
16. REPEAL the 20% White Pollution Charge.
17. ESTABLISHMENT OF A ROBUST ROCHESTER public transportation agency to acquire, improve and expand bus service in the city and agency to acquire, improve and expand bus service in the city and surrounding areas.

JOHN DE CESARE WILL SERVE THE PEOPLE OF THE NORTHWEST DISTRICT ON A FULL-TIME BASIS, JUST AS HE SERVED HIS CONSTITUENTS AS SUPERVISOR.

VOTE STRAIGHT REPUBLICAN

Sponsored by Citizens Committee for John P. De Cesare
