By JOHN R. SULLIVAN (NC News Service)  
Washington - The President's Commission on Disorders held its final meetings this week in Capitol to put the finishing touches on a document which is frankly designed to jolt white America.

The jolt will be given March 3, when the commission's report on the nation's urban ills is to be made public. In words of the commission man - Gov. Otto Kern

New P

The winds of change wafting from Vatican Council are breathing ideas into the Lenten grams in many areas of Rochester diocese.

Many parishes are using Lenten season's impetus to provide serious formation programs for their members. Recent Courier stories on week's "What's New in Parishes" items proclaim a return to scripture, theology, and some of the more topical items of the day.

In some instances, parishes are combining their Lenten fare and resources to provide other Lenten fare than is possible for the parish singly.

Two instances of this providing cooperation are Westside Rochester, and the seven Catholic parishes in Greece.
