

These are among the most satisfied people in upstate N.Y.

... because they save with an organization where their progress is our most important objective. They like the convenience of the Bright Spots to Save in Brighton, Greece, Irondequoit and Mt. Hope also Downtown and in Newark and Penn Yan. Come in yourself for 5% dividends on passbook savings where your money is always available. Get extra convenience too, all offices are open 'til 4 (Clinton 'til 6 on Thursdays) and even later on Fridays! Yes, like these upstate New Yorkers, you'll agree —there is no better place to save!

saluting the Rochester Catholic Diocese on its 100th Anniversary

THE WHITE HOUSE
WASHINGTON

October 2, 1968

Dear Bishop Sheen:

My warmest congratulations and good wishes go out to the members of the Diocese of Rochester as you commemorate the centennial of its establishment.

It must be an occasion of inestimable pride for you to look back on one hundred years so fully and fruitfully spent in doing God's holy work.

At a time that more than ever tests the very foundations of our way of life, it is encouraging to know that men like you are guiding the diocesan centers of this Nation and giving spiritual and moral sustenance to their people.

The Diocese of Rochester has long been in the forefront of civic-spirited endeavors. And on this milestone in your productive history, I know that you will rededicate yourselves to pursue with characteristic human compassion and enlightened conscience the noble mission which you have so successfully carried forward in these one hundred years.

Sincerely,

Most Reverend Fulton J. Sheen
President
