# Vote Republican and get your money's worth.

County of Monroe taxes are the second lowest of all major counties in New York State. The second lowest!

If you lived in Syracuse, or Westchester County, or any of the other large counties in the State, your County tax would be 20 to 30% higher.

Small wonder then that Monroe County is known as one of the ten best Counties in the nation.

You get more services for your money: The Community College. All health and welfare services to the community. A great parks system. A 630-mile county highway network. Administration of the entire system of justice. The nation's No. 1 "pure waters" program.

This area's only chronic illness hospital for the aged. A crime laboratory serving all police and courts. The libraries and the museum. Whether you live in the City, Suburbs, Towns or Villages: The County is giving the City \$20-million this year to help pay the salaries of firemen, policemen, teachers and other costs of city government.

The County is giving \$14½-million to Towns and Villages to help pay for basic services. The County is giving \$7-million to Suburban schools which will help keep your school taxes down from \$5 to \$15 per \$1000. The truth is, taxes are everywhere. But here in Monroe County, you get your money's worth for the taxes you pay.

**Vote Row A for City Council, the County Legislature and County Clerk.**

Paid for by contributors to the Monroe County Republican Committee. Richard Rosenbaum, Chairman; Edna Daly, Vice-Chairman.

By SISTER MARY JOHN

Community Director of Public Relations

"Chapter" is the title given to an administrative body by a religious community. It may be further specified as "Chapter of St. Elizabeth's," "Chapter of St. Mary's," and so forth.

After the Second Vatican Council, all religious communities were asked to revise their constitutions in order to be more in touch with the needs of the contemporary world.

During July, 1969, the Joseph of Rochester Chapter of the National Academy of St. Elizabeth's, Rochester, held its annual general assembly. There were 100 delegates to this Chapter, which was elected by the congregation, and were ex-officio members of the administrative posts of the congregation.

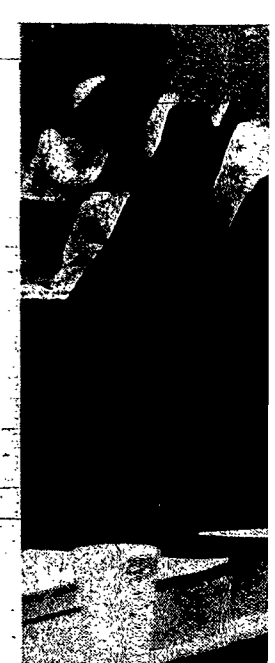

There were also three trustees, aged 18, 27, and 28, their age groups; they had to speak but not to vote. Levels of the elected delegates range from 30 to 60.

Mother Agnes Cecilia, elected by the Chapter for a six-year term as general superior of the congregation, was the Chapter's president.

Preceding the actual election, all of the Sisters of the congregation had been over a year and a half in workshops, correspondence courses, religious communities, and with clergy and lay people among themselves.
