

New Ecumenical Body Foreseen

Washington — (NC) — A timetable calling for creation by 1972 of an ecumenical agency more inclusive and possibly more workable than the National Council of Churches was adopted by the NCC's general board meeting here June 20-21.

Behind the move are two factors: the growing realization

that the present structure of the NCC simply does not work and the conviction that any meaningful ecumenical expression today must include the Roman Catholic Church.

The present NCC has an organizational structure which gives the 250-member general board the power to make decisions without the financial power to carry them out.

Churchmen Fight 'Porno Wave'

Munich—(RNS)—A Lutheran bishop compared the "growing flood of pornography" in Germany with "heathen orgiastic cults" which in the past became pseudo-religions and led to decay and downfall of nations.

Bishop Hermann Dietzfelbinger, chairman of the Council of the Evangelical Church in Germany, noted that moral concepts change, but he complained that today's "appreciable efforts toward improved sex education" had turned into a "porno-wave."

Meanwhile, several Roman Catholic leaders and organizations attacked the West German justice department for alleged plans to scuttle obscenity laws related to publishing.
