Jerry Lewis Expands Scope Of Telethon

The Jerry Lewis Labor Day Telethon, which last year collected a staggering \$2,039,139 in pledges and contributions for the benefit of Muscular Dystrophy Associations of America, is coming back to Rochester this Labor Day weekend via station WHEC-TV, Channel 10, which carried the show last year.

This year the Lewis telethon will use 65 stations across the country instead of the 20 on his previous limited hookup in the eastern part of the United States.

As was the case last year, local cut-ins will feature Rochester personalities, as well as other area citizens active in MDAA's work.

MDAA supports free clinics and a comprehensive program of patient services throughout the country. Locally, contributions help support such services as a muscular dystrophy clinic at Strong Memorial Hospital in Rochester and the purchase of all orthopedic equipment for patients.

CARDINAL THREATENED

Caracas—(RNS)—Venezuelan government authorities reportedly are "deeply concerned" about threats on the life of Jose Humberto Cardinal Quintero of Caracas, following the prelate's approval of the expulsion of a

"radical" Belgian priest. At first believed only a rumor, the report of threats has now been confirmed by Cardinal Quintero, Venezuela's leading Catholic prelate. Civil and military authorities have taken steps to safeguard the churchman's life.

We'd like to set you straight in this matter of checking accounts.

When we say ours is free, we mean just that. Absolutely free.

No gimmicks anywhere. Free personalized checks (as many as you want), free monthly statements, no minimum balances, free bank-by-mail postage. The works.

Some other banks we know also try to make this statement.

Nonsense.

If you've got to qualify for a line of credit to get your "free" checks, then they're *not* free. It's as simple as that.

Suppose you overdraw your account. They'll cover your checks alright—to the tune of 18% interest on funds transferred. It's just one more nasty way to make money on their *customers'* money.

As the littlest bank in town, we think too much of our customers to charge them for the use of their own money. We formulate our own policies—the kind that put *you* first—because

we're still the only locally owned and governed commercial bank around.

And we do everything *else* a good bank is supposed to do, too. As well or better than the biggest of them.

Lines of credit? Sure. Master Charge Cards? Absolutely. Not to mention the highest available interest rates on your savings dollars and loan policies which are as flexible and generous as you're apt to find anywhere. We've got the rest of the set, too. Travelers checks, savings bonds, trust services, money orders, safe deposit boxes, Christmas Clubs, bank drafts, letters of credit, collateral loans, et al.

Best of all, perhaps, is the fact that we'll do our level best, bend over backwards, to give you the sort of service we think you deserve.

Let us prove it. Give us just a few of your tired dollars (not the whole bag) and put us to the test. We think you'll be so spoiled, you'll never look back.

What have you got to lose?
