More than 30,000 Catholics from 56 nations jammed the bullfight arena in Mexico City to pray and sing at the second world "utreya". Cardinal Miranda was named special envoy by Pope Paul to the "Utreya" which means "always forward." He opened the meeting at the cathedral. (RNS)

**College Grants Challenged**

Washington — (NC) — The U.S. Supreme Court has agreed to rule on the long standing issue involving constitutionality of federal construction grants to church-related colleges and universities.

The court will hear arguments in the fall or winter in a test case from Connecticut which involves four Catholic institutions. The case is the first to reach the country's highest tribunal since the 1963 Higher Education Facilities Act became law.

**Union Assails Rating System**

Cincinnati — (NC) — The International Alliance of Theatrical Stage Employees and Moving Picture Machine Operators called Hollywood's motion picture rating code inadequate and demanded more effective methods of self-regulation for the industry.

At the union's 50th convention here, delegates in a resolution asked stiffer rules to protect industry employes as well as the public "against obscenity and pornography in films while retaining legitimate freedom of expression for motion picture producers."

The resolution said the production code does not provide "an effective system of self-regulation which can control the release in the U.S. of obscene, pornographic or offensive films made by independent producers here and abroad, as well as by Motion Picture Association of America members."
