

How can you save money with a checking account?

Automatically.

Just tell us what amount you want to put aside and we'll transfer it. From your Marine Midland checking to a savings account. By the week. By the month. Whatever you say. We call it the forget-me-not savings account. You don't forget. Neither do we. One visit to a Marine Midland office and you're off and saving. Automatically. So stop in. Our offices are all around you. Tell our Savings Counselor what you're saving for and he'll help you get there. With the savings plan that fits you, and highest interest rates permitted us by regulations. And if you can't stop in, call any of our 31 banking offices and ask for the Savings Counselor. He likes to help. That's what neighbors are for.
