

### Rochester Legionnaires at Quebec Shrine

Some members of the Junior Legion of Mary, Rochester Curia, are shown at shrine in Quebec during recent four-day Canadian pilgrimage. They were accompanied by Father Thomas H. Wheeland, assistant pastor of Christ the King Church and spiritual director of the Junior Legion, and Father Richard M. Mattie, assistant at St. Augustine's. Group visited shrines at St. Anne's, Cap-de-la-Madaleine and St. Joseph's and toured Quebec and Montreal.

### Church to Go To The People

Victor — Two priests and two Sisters of St. Patrick's Church will begin a practice of visiting parishioners each week.

Msgr. Donald J. Mulcahy, pastor since last June, made the following announcement in the Sept. 13 parish bulletin:

"I know mine and mine know me' is always the goal of the good shepherd. This becomes more difficult each year with the rapid growth of our parish.

"So important, however, is our getting to know one another that four of your spiritual Fathers and Sisters will visit two families per week by appointment.

"At this rate, in a year nearly 400 families will have been visited by either Father Mulcahy, Father Simon, Sister Virginia or Sister Shiela. This will give all a chance to share more closely in the spiritual work of St. Patrick's."

### Striping Ceremony

Bishop James E. Kearney celebrated Mass for 34 members of St. Mary's Hospital class of '71, Sunday, Sept. 20.

The day was doubly important. It represented the 62nd anniversary of Bishop Kearney's first Mass, and it also marked the blessing and reception of the double striped senior caps for members of the '71 class of St. Mary's School of Nursing.

A reception for the seniors and their guests in the student union followed the ceremonies.

### No Abortions Available At Auburn Hospitals

Auburn — Cayuga County women who want an abortion cannot get it in Auburn unless the life of the mother is in danger — the same condition by which abortions could be performed legally prior to the new liberalized state abortion law which went into effect July 1.

Mercy Hospital here made it clear from the outset that it would not change its policy of refusing to perform abortions.

At Auburn Memorial Hospital efforts have been made to liberalize the policy on abortion. A staff study committee's recommendations to do so did not receive the two-thirds vote required from the staff to change policy.

Some doctors were reported to feel that the matter should be brought up again at future meetings, "depending on medical manpower and changing community mores."

The official policy at AMH states that the committee on sterilization and abortion "will be limited to the following

medical conditions in their consideration for approval of abortion or sterilization":

Severe forms of heart disease, diabetes or kidney diseases; repeated birth of monstrosities; malignant hypertension; three or more previous Caesarian sections; other unusual medical conditions where pregnancy may be considered a threat to the survival of the patient.

Individuals who make application and cannot be considered under any of the above indications will be referred to an appropriate agency for further guidance. Liaison has been established with the Planned Parenthood Agency in Syracuse for such referrals.
