EVERYTHING MACHINE

5 great machines in 1
for only

. . . it's the machine homeowners have long wanted—
5 machines in 1 to do just about all clean-up jobs quicker,
easier and more thoroughly.

1. it's a **VACUUM**
Vacuum snout and canvas bag attachments offer you the convenience of vacuuming your grounds — lawns, driveways, sidewalks, garage floors and other important clean-up areas.
2. it's a **VAC plus RAKE**
By removing the canvas collection bag, the unit quickly converts to front-end vac action for uprooting deeper-in lawn debris while, at the same time, "air raking" the top surface lawn area to the side.
3. it's a **VAC HOSE**
Long 10 ft., lightweight, flexible hose with handle will allow you to vac inside, under and around bushes, shrubs and other hard to reach areas from the "outside"—no more cuts from prickles and thorns, does the job in a jiffy too.
4. it's an **AIR RAKE**
Now you can "air rake" your lawn F-A-S-T . . . raking up to a 5 ft. swath to the side at full power, down to a gentle whisking action at low power. It's great for sweeping driveways and sidewalks too.
5. it's a **VAC'N BAG IT**
The machine is worth having for this one function alone. With the combination of the front-end vac hose and the quickly attached disposable plastic bags, debris piles can be quickly vac'd up and bagged . . . conveniently packaged for your next trash pick-up.
