QUANTITY, COLORS LIMITED

So you already rang out the old year? You can still get a brand new appliance from GE at savings that will make the new year bright. Quantity is limited to what we have in stock. Colors are available for an additional charge.

REFRIGERATOR-FREEZER

You will never waste time defrosting your freezer again because this refrigerator-freezer does it all for you. If you wish, you can end tussling with ice trays, too, and add an automatic ice maker for an additional charge. The fresh food section is 12.5 cubic feet big, with four shelves, including one that is adjustable and one that slides out. Twin vegetable bins, removable egg basket and roomy doorshelves mean fewer trips to the market. The freezer section holds 17 1/2 pounds of food, with door shelves for juice and half-gallon cartons of ice cream. Wouldn't it give your kitchen a New Year's lift?

PORTABLE DISHWASHER

This model is a front-loading portable that you can have installed under a counter now or later. Its handsome wood top is always free to use as extra work space or as a chopping board because you load your dishes from the front. No more hand-rinsing with this one; a soft food disposer and a powerful jet wash takes care of all your dishwashing problems. Detergent and rinse agent are dispensed automatically.

model SC601E

\$187

ELECTRIC RANGE with Self-Cleaning oven

Here's a range that does more for you because the oven cleans itself. It's safe and economical, in fact it costs less per cleaning than you are paying now for oven cleaning preparations. The automatic oven timer sets like any alarm clock to turn oven on and off, and the oven circuit controls are solid state, like fine stereo, for reliability. Roomy storage drawer below oven, recessed cooktop for easy cleanup of spills, and appliance outlet make cooking great meals simple and quick.
