

Improve your Latin Life.

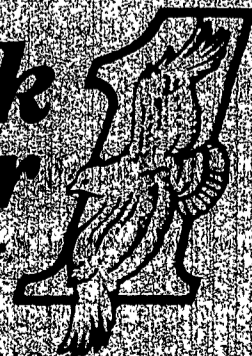

Financing new wings is old hat with us. Or bigger garages, converting family rooms, landscaping and, well, you name it. If you want a new pergola or a stone pelican, chances are we can finance it for you.

Property improvement and home modernization loans are important parts of our service to Rochester families. And, since we're still the only locally owned and governed commercial bank in the city, we can set our *own* loan policies. We just announced, for example, that we've decreased our annual interest cost for such loans a full two per cent. Our principal function and concern is what we can do for you and for the economic health of the Greater Rochester area.

One thing's certain. You won't do any better for yourself anywhere else. If you need it, we've probably got it. Come in and put the touch on us.
