

**TO CLEAN GRILL**  
Easiest way to clean the grids of your gas grill is in the dishwasher, but don't let them go through the drying cycle. If food particles remain after washing, they will bake on.

**FOR COOKING ONLY**  
A modern gas range in your camper, trailer or mobile home is a blessing, but remember it's for cooking only. Never use any gas range for heating, whether you're at home or out camping.

**FOR GOOD EATING**  
Toasted English muffins are the perfect hot bread to accompany camp stews and soups. Toast them right on the grill.
