

## Coldwater Parish Starts Remodeling Fund Drive

About 150 men from Holy Ghost parish set out this week to round up \$200,000 for remodeling the church at 220 Coldwater Rd. They are seeking three-year pledges.

### Villa Children Tour Falls Area

Webster Jaycees took 30 children from St. Joseph's Villa to Niagara Falls last Friday, under the supervision of Herbert Recklinghausen. This was the second such excursion they had provided for Villa children.

The group rode on the Maid of the Mist ferry, toured the museums and had lunch. Teachers at the Villa are planning to follow up the trip with classroom studies.

By time the last payment is due, the parish will be heading into its centennial year. Holy Ghost was established in 1875.

The present church was started in 1906. Father Edward Steinkirchner, pastor, says the building needs additional seating, with wider aisles and more exits. The heating and ventilating system will be overhauled, the sacristies remodeled and ground-floor meeting and teaching rooms provided.

Joseph Entress, a long-time parishioner, is honorary chairman of the fund drive, with Donald Dudley and Robert Wahl as cochairmen.

Division chairmen are George Bennington, James Clarke, James Harrington, James Collins, Ralph Simolo, Francis Gurtbertlet, Ray Bosseler, Richard Maher, Leo Entress, James Griffin and Dr. Vito Laglia.

## HOW TO BE HAPPY

THE HOLY FATHER'S MISSION AID TO THE ORIENTAL CHURCH

### GIVE SOME HAPPINESS TO A CHILD

When are you happiest? Happiness lies in giving. You're happiest when you give yourself to the people who need you most. . . . A mother, for instance, hums with happiness when she bathes and dresses her baby. A good nurse always has time for a smile. Good fathers whistle at their work. . . . The best sort of giving involves more than writing checks—still, how better can you help the children now who need you overseas? Boys and girls who are blind, lepers, deaf-mutes, orphans—your money gifts, large and small, will feed them, teach them, cure them, give them a chance in life. . . . Want to be happier? Give some happiness to a child. You'll be happy, too!

### HAPPINESS IS A SISTER

In Marathakara, south India, a young Indian girl in training to be a Franciscan-Clarist Sister will learn, among other things, how to care for orphans. Her training costs \$300 all told (\$12.50 a month, \$150.00 a year), a small investment for a Sister's lifetime of service. Like to be her sponsor? We'll send you her name and she will write to you.

### HAPPINESS IS REMEMBERING A LOVED ONE

November is the month of the Holy Souls. Why not send us your Mass requests right now? Simply list the intentions, and then you can rest assured the Masses will be offered by priests in India, the Holy Land and Ethiopia, who receive no other income.

### HAPPINESS IS CLOTHING

Brighten the heart of a blind boy in the Gaza Strip (where Samson lived). \$3 gives him shoes, \$5 clothes, \$10 a set of braille readers!

### HAPPINESS IS A SCHOOL

Where there is none in south India, you can build a six-room permanent school for only \$3,200. Archbishop Mar Gregorios will select the village, supervise construction and write to thank you. The children will pray for you, and you may name the school for your favorite saint, in your loved one's memory!

## RG&E consumer news

# Specially priced Frigidaire range displayed at Consumers Info Center

### A personal maid

RG&E'S Consumer Information Center is featuring ranges during the month of November. On display is the Frigidaire Ready Hot Water Range — a range that's as close to being a personal maid as any appliance we've seen.

The star feature on this range is the hot water tap on the back panel. By pushing the button you will always have instant hot water of 185 degrees F., for making your "instant" foods—puddings, coffee, or soup. Or for soaking soiled pans immediately and warming baby's bottle. No more waiting for "watched" pots.

But this Frigidaire range does a lot more than just bring you hot water at the push of a button. It will cook for you when you are not at home. It has a Cook-Master automatic oven control that turns the oven on and off, at times and temperatures you select.

The Automatic Appliance Outlet starts any appliance you plug into it, automatically at the time you set on the Cook-Master. You can have your coffee freshly percolated, ready for you when you wake up!

### With this Frigidaire you'll never clean an oven again

How many times have you thought to yourself, "What's a nice girl like me doing in a place like this?" Don't you feel this way every time you start the difficult and messy task of cleaning your oven? Not only are you a mess after finishing the job, but more often than not the floor around the range needs cleaning. (No matter how much newspaper you spread around, it doesn't ever seem to be enough.)

If you're fed up with oven cleaning (and who isn't?) consider the Frigidaire range with the self-cleaning oven for your next range. One of RG&E's Home Economists, who staffs the Center daily from 11 a.m. to 3 p.m. and Tuesday evening from 7 to 8:30, will be glad to explain to you just how a self-cleaning works. The Frigidaire cleans its oven walls, oven floor, oven racks and drip bowls — all for less than 10¢ per cleaning.

### Questions answered on ranges

Maybe you have hesitated to use some of the time-saving, work-saving features on your present range because you are not exactly sure you understand how they operate.

If so, come into our Consumer Information Center. Our Home Economist will be glad to answer any questions you have relating to ranges; she can help you get the most from your range, or from any appliance for that matter. While you're there, pick up a free time calculator for roasting meat.

### Available in decorator colors

If you are thinking about buying a range, the Frigidaire Ready Hot Water Range (Model RSEW 36P) has about everything you would want in a range, and probably more. And it comes in a choice of decorator colors — white, avocado and a limited supply of copper. Your kitchen can have a custom-designed look, without the expense of being custom designed. Stop in at the Consumer Information Center, 89 East Avenue on the first floor, for a close look at this outstanding range. It's priced at

**\$277**

Installation extra
