And Sister Katherine Heverin, of Holy Spirit, Penfield, commented on the workshop in general: "Our monthly meetings are structured, with people talking at us. I find myself not reacting, or reflecting, but here we share our feelings."

"This workshop is a celebration for a lot of those who have grown up with the CCD program," Father Holland said proudly. "This is the group that is going to carry the future of parish life."

"Our belief is that the Church is an adult Church and we want to give evidence of that by administering to adults; and only through them to their children. Research has shown that the determining factor in a child's growing up with Catholic faith is the family, not the Church or religious education."
