## Tell Your Legislator

Dear Mr. Legislator,

I urge you to stop the death by abortion so graphically illustrated in this photograph, authenticated as you can see. The destruction of the innocent in New York state must stop. I ask you to take immediate action to bring the Donovan-Crawford Bill (S-20-A2774) to the floor and vote for its passage. End the abortion-on-demand law and restore the former protections of the law to mother and child.
