## Group Hits Viet Air War

A group of area clergy, religious and laity recently sent President Richard Nixon a letter expressing deep disturbance over the recent escalation of the war in Indochina.

The letter carried 39 signatures of Catholics, Protestants,

and Jews. They were all identified as having religious affiliations.

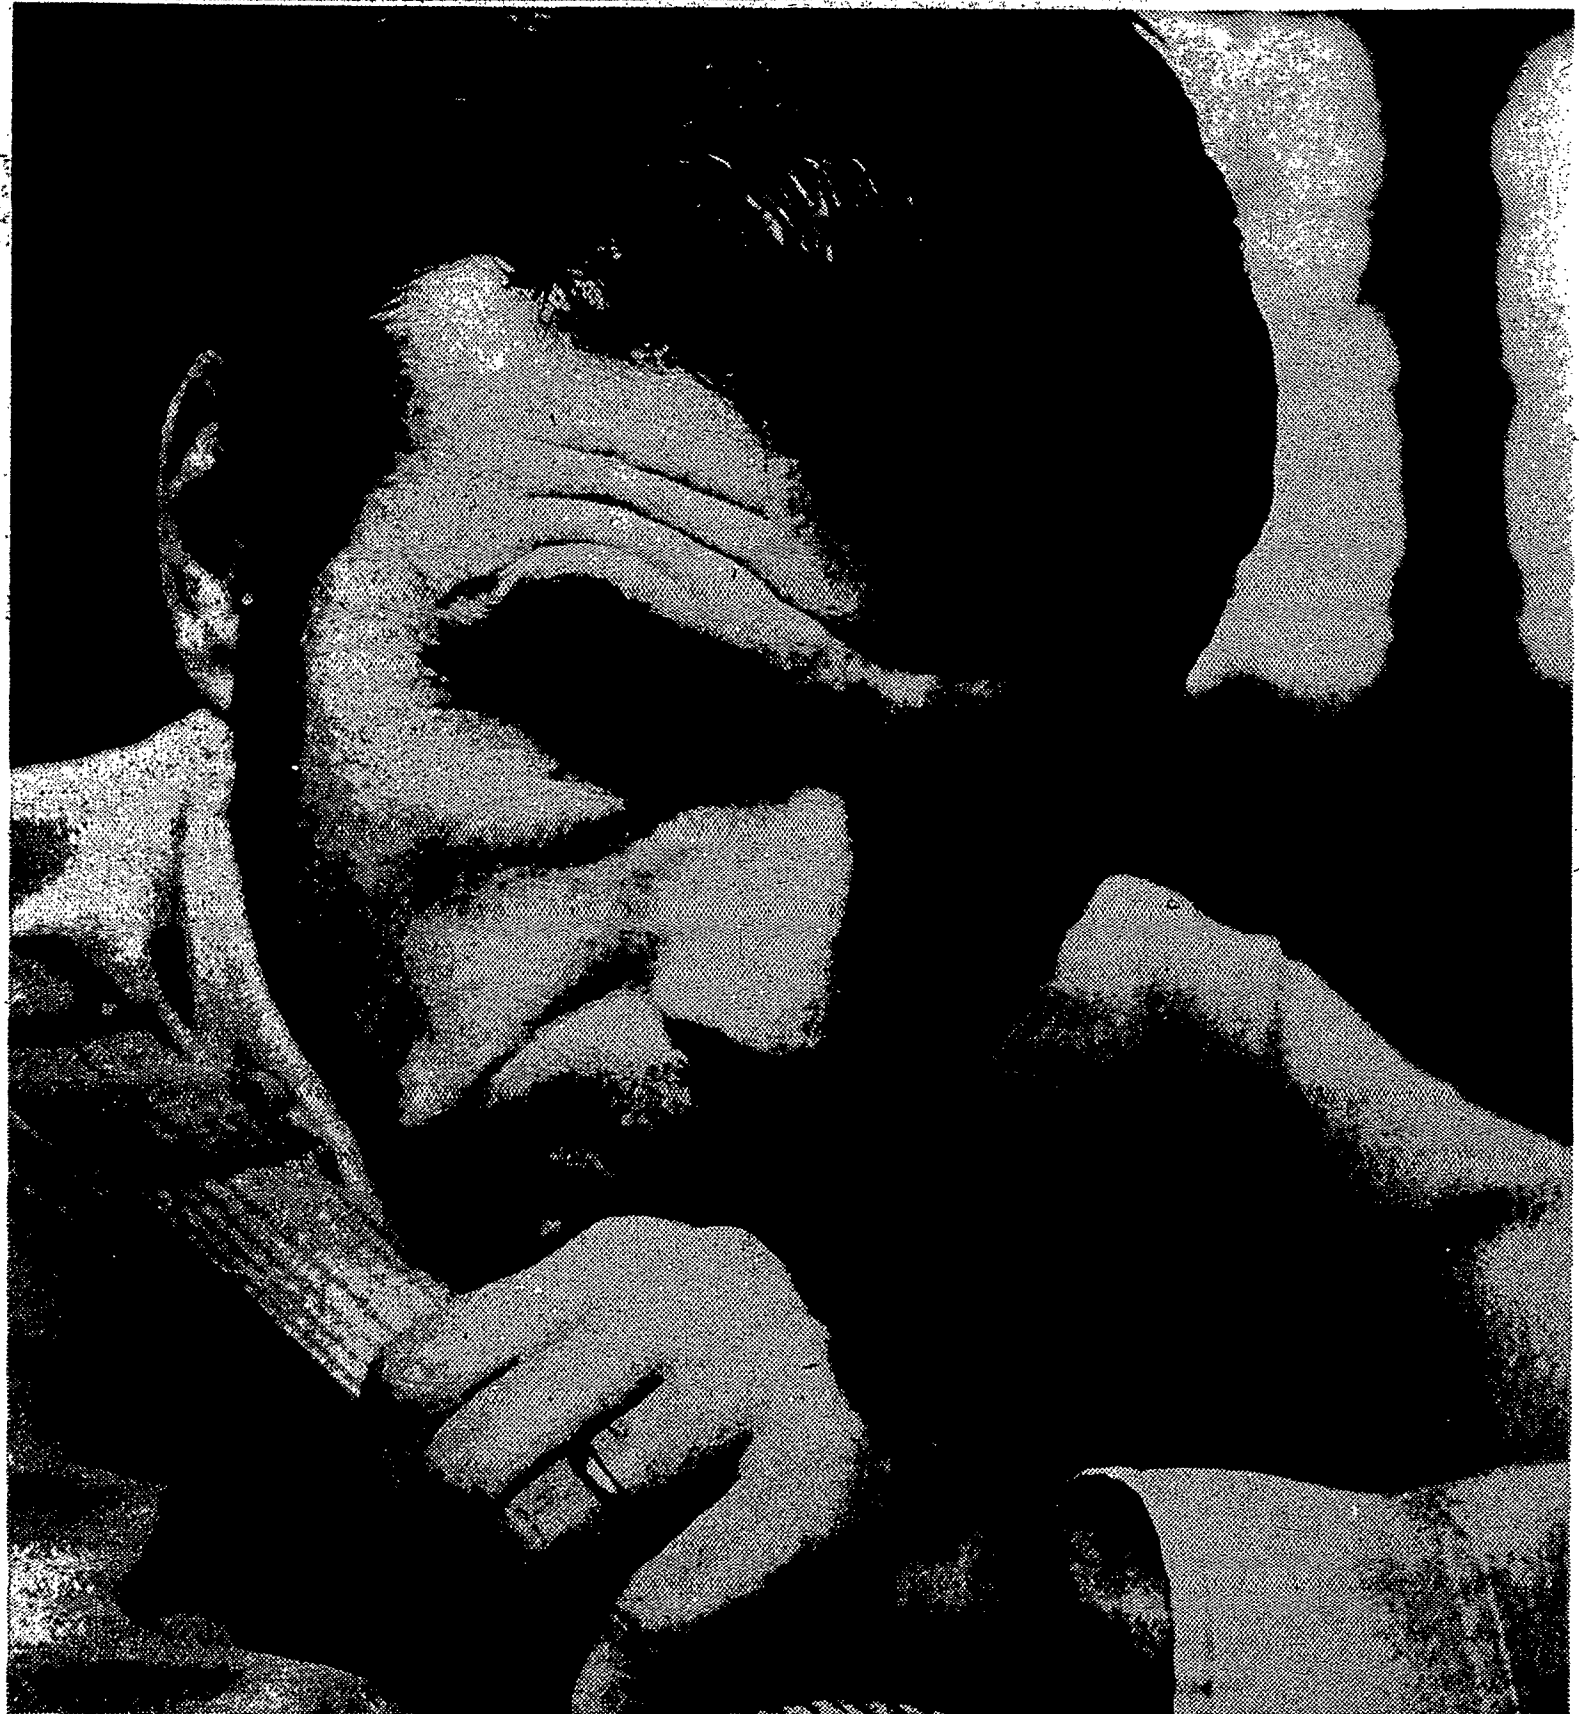

"While we do not condone the violence for which the North Vietnamese are responsible, we emphatically object to the

escalation of the air war by the United States," the letter said.

The group charged, "evidence clearly shows that the U. S. is guilty of the initial escalation," citing the invasion of Cambodia, computerization of the air war

and the initial incursion into South Vietnam "in defiance of the Geneva Agreements."

The group called on the people of Rochester to join in protest to the air war and the bombing of North Vietnam.

## You're building a nest egg. Shouldn't you know how a bank can help?

Whatever your objective—a child's education, comfortable retirement, freedom to travel—protecting your property and investments is just as important as acquiring them.

At Marine Midland, we have a department to provide the protection and help you attain your financial goals.

Because you already have enough to worry about, our Trust Department can take care of all the burdensome details and paperwork involved in owning securities.

We can provide investment management, so your portfolio

is under constant supervision by professionals. We make timely recommendations on securities to buy and sell, with an eye to improving your investment position. But you're still the "boss."

You can create a trust for yourself and your family. Your attorney prepares a trust agreement between you and the bank and you set aside cash, investments, life insurance in the trust fund to achieve immediate or long-range objectives. We would be responsible for managing the trust fund. So your nest egg will do what you

want it to do, even if you are ill, disabled or not around.

Now that you know some of the ways we at Marine Midland can help with your money management problems, shouldn't you have a talk with one of our trust officers? To arrange an interview, call Ed Case at 428-2157.

Once we have a clear picture of your financial goals, we can provide you and your family with the proper guidance, the investment management—all the bank you need—for as long as needed. After all, that's what neighbors are for.
