robbed after hav-

ing cashed her welfare check. The Christ-
mas season will be bleak for her and her
two children. Catholic Family Center is
providing her with money for food but
extras at Christmas are needed.

Mrs. C. tries to maintain a cheerful de-
meanor to protect her children from the
knowledge of her terminal illness. The
father is marginally employed so the
Christmas season can be barren for them
and their four children ages 5 to 15. Money
is needed for Christmas dinner, extra cloth-
ing and toys.

Mrs. F., a widow, lives with her eight chil-
dren. Their house is drafty and shabby;
lacking in material goods. Mrs. F. gives
love and value to her children. She would
like to provide them with a bright Christ-
mas.

Mrs. S. is a 35-year-old disabled widow
with a six-year-old daughter. They were re-
cently relocated due to the flood and lost
many of their possessions. They then suf-
fered another severe loss with the death of
Mrs. S.'s mother, with whom they had lived.
They receive a very limited income which
must be used for necessities. A contribu-
tion would surely help brighten an other-
wise meager and lonely Christmas for Mrs.
S. and her daughter.
