

DO YOU WANT UNRESTRICTED ABORTION, EVEN TO BIRTH?

THE ABORTION DECISION OF THE U.S. SUPREME COURT SAYS THAT THIS UNBORN CHILD CANNOT BE PROTECTED BY LAW AND CAN BE DESTROYED AT THE WILL OF THE MOTHER AND HER DOCTOR.

WHAT THE COURT DECISION REQUIRES:

For the first three months of pregnancy "the abortion decision and its effectuation must be left to the medical judgment of the pregnant woman's attending physician."

For "approximately" the second three months of pregnancy, "the State, in promoting its interest in the health of the mother, may, if it chooses, regulate the abortion procedure in ways that are reasonably related to maternal health."

For the stage subsequent to viability (when the fetus may be able to survive outside the mother's body) "the State, in promoting its interest in the potentiality of human life may, if it chooses, regulate, and even proscribe, abortion except where necessary, in appropriate medical judgment, for the preservation of the life or health of the mother."

Note that the court does not prohibit abortion in the last 3 months.

BUT, MANY PEOPLE AGREE — INSTEAD — WITH THE DISSENTING OPINION OF JUSTICES WHITE AND RENQUIST, WHICH SAYS, IN PART:

"At the heart of the controversy in these cases are those recurring pregnancies that pose no danger whatsoever to the life or health of the mother but are nevertheless unwanted for any one or more of a variety of reasons — convenience, family planning, economics, dislike of children, the embarrassment of illegitimacy, etc. The common claim before us is that for any one of such reasons or for no reason at all, and without asserting or claiming any threat to life or health, any woman is entitled to an abortion at her request if she is able to find a medical advisor willing to undertake the procedure."

ABORTION ON DEMAND-DEATH PENALTY FOR THE UNBORN:

In 1972 alone an estimated 600,000 American babies were killed by abortion. By comparison, 667,000 soldiers were killed in American battles in the nine wars and 198 years since 1775. The projected figure for 1973 is one million. This estimate was made prior to the stunning decision of the Court.

EDUCATIONAL CAMPAIGN MANDATED:

It is clear that an intensive educational campaign is necessary to combat the mass elimination of the most innocent and defenseless members of our society. We have prepared a comprehensive educational campaign, including media advertising. We ask your support to implement this campaign to reverse the trend against the unborn.

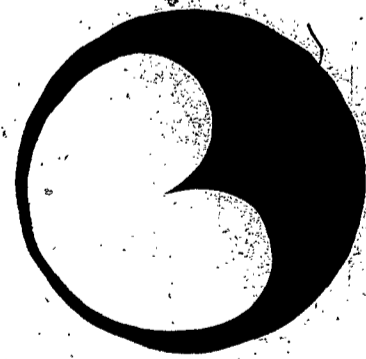

Those who oppose our view are highly financed and therefore able to use the media to saturate the minds of the public with anti-life propaganda. Media advertising is expensive, but without it we cannot effectively challenge their view and present the truth about abortion.

Please help us pay for this ad, sponsor an educational series, and maintain our Speaker's Bureau and office. Translate your concern into action. Mail the attached coupon with your tax-deductible contribution.

ACTUAL SIZE, UNBORN BABY
AGE: 20 WEEKS
