

A Check-Off List for Making Your Wedding Plans

* Visit your parish priest at least six weeks before your intended wedding date. Do not arrange reception, vacation, etc., until you have confirmed your date with the priest.

* If you share floral expenses with the other couples being married on the same day, it will save costs and avoid confusion between weddings.

* Inquire about the manner in which the organist or other musicians are contacted and the customary offering.

* Instruct the photographer to consult the priest on what is permitted.

* Impress the necessity of promptness on the part of the wedding party for both the rehearsal and wedding.

* It is suggested you and the members of the wedding who will be receiving Holy Communion, go to confession beforehand.

The Eucharistic Regulation: No solid food or liquids for one hour before Communion; water and medicine may be taken at any time. The bride and groom may receive Communion under both species.

* Each parish has its own regulations for the conducting of weddings. You will be expected to follow these rules. If you are not sure of the customs, ask the priest with whom you are making your arrangements.

* A Protestant clergyman or a Rabbi may participate in the wedding ceremony. Arrangements for this should be made in advance with the priest marrying you.

* The marriage should take place in the parish of the bride; for a justifying reason, it may take place in the groom's parish. Permission must be obtained from the pastor of the bride or groom to be married in another church.

* A baptismal certificate issued not more than six months before the wedding must be presented to the priest by both bride and groom.

* The following is the schedule of offerings: Low Nuptial Mass \$15; Sung Nuptial Mass \$20; wedding without Mass \$15.

* Applicants for a marriage license must present physician's statement certifying to a premarital blood test, signed by physician and applicant.

* For minors (males under 21, females under 18) consent of both parents or guardians is required, either in person or notarized statement. All persons under 21 must present proof of age.

* The fee for the marriage license varies from place to place. The license is valid for 60 days from the date of issuance.

* Marriage may take place 24 hours after the issuance of license, providing that 10 days have elapsed between date on

which the blood specimen was taken and the date of the license.

* License must be filled out by the officiating priest and signed

by the two witnesses. A copy will be sent to you. A marriage certificate may be obtained from the church at which you are married.
