

### School Has Its Rewards

Children at St. Monica's School find learning can be fun when the subject is

bowling. Children in grades 3 to 8 enjoy an afternoon of bowling every Thursday after class. Cindy Williams, left, studies another bowler's form as she waits her turn. Richard Gibble, photo below, anxiously awaits his turn. Paula Burkhardt, faces the challenge of a big bowling ball with a smile. Chris Schneider, at right in bottom photo, tallies up the score for Paula.
