

Annulment Regulations Extension Requested

Washington, D.C. [RNS] — The U.S. Catholic bishops have agreed to petition the Vatican for a five-year extension of the so-called American marriage norms that make annulments easier to obtain.

This was learned here following a closed executive session in which the National Conference of Catholic Bishops also agreed to accept the Vatican declaration on First Confession with only a mild protest on procedure.

The marriage norms, which are scheduled to expire next July, have been in effect for three years and have enabled Catholics in the U.S. to secure marriage annulments without recourse to long, drawn-out and often painful investigations and reviews.

The concert is free and open to the public.

ENCOUNTER COUPLES DANCE

Marriage Encounter, Inc. will hold its Christmas dinner-dance this year at the Sheraton Gatehouse Motor Inn, 4835 W. Henrietta Rd., on Friday, Dec. 21, with festivities beginning at 7 p.m.

All couples who have ever made an encounter are invited. For ticket reservations, contact Mr. or Mrs. Joseph Marchesi, 78 Hopper Terr., at 621-7242.

Bishop John May of Mobile, Ala., told a press briefing at the annual meeting of the National Conference of Catholic Bishops (NCCB) that last year the bishops requested an extension of the marriage norms until July 1974.

In the meantime, he noted, the Vatican has urged all episcopal conferences throughout the world to use norms outlined in a recent Vatican declaration, "Causas matrimonialis," on marriage tribunals.

The prelate indicated that this Vatican decree has "streamlined" the regulations concerning marriage annulments, but that they are more restrictive than the so-called American norms.

He said implementation of the Vatican's latest decree would still make it easier to obtain annulments, but added that "there would be more paper work" and the procedures would take more time.
