A Rose is a Rose is a Rose

With roses in such abundance here, it's not unusual to find many well tended gardens full of the popular and beautiful flowers. Sister Mary Hermina, SSND, who teaches first grade at Holy Ghost, tends the rose garden behind the convent. She has been serving the parish for six years.

Vatican Aide Hits Raids

Vatican City (RNS) — Vatican press officer Federico Alessandrini has denounced Israeli air raids on southern Lebanon as "complete terrorism" and suggested the raids might be linked to Israeli concern over Lebanese plans to harness the waters of two rivers in the south.

In an article in the Vatican weekly, L'Osservatore della Domenica, Alessandrini, describing the recent attacks on Palestinian guerrilla headquarters and hideouts in Lebanon as "real and complete terrorism," rejected

as "morally inadmissible" Israel's contention that the raids were aimed solely at preventing future terrorist attacks on Israeli settlements by the guerrillas.

Using the form of a rhetorical question, rather than a direct assertion, the Vatican press officer asked whether, in fact, the Israeli raids were not part of preparations for a "more determined action" against Lebanon and whether this "might not be linked with Lebanese plans to harness the waters of the Litani and Hasbani rivers."
