

Sibley's

A CHAT WITH SANTA:
Bring the little ones to our exciting, colorful toyland where they can climb on Santa's lap and tell him of all their dreams for a perfect Christmas morning. Fourth Floor, Downtown, Irondequoit, Southtown.

VISIT THE "LAND OF OZ" in Sibley's all new Downtown Magic Corridor. Follow the yellow brick road through our bright new wonderland of animated fantasy. Join the path of Dorothy and Toto, the Tin Woodman, the Cowardly Lion. Travel to the Emerald City and re-live this marvelous classic right to its happy ending. Fourth Floor.

what's no bigger than a checkbook but offers a 6-digit readout with 12-digit answers available at the touch of a button? what adds, subtracts, divides and multiplies and has a constant capability in all four functions? what has a full floating decimal . . . works on 2 penlight batteries (which are included) and has its own vinyl carrying case?

if you think it's just another expensive little calculator, think again

the casio-mini

just **19.95**

- a compact, efficient calculator priced under \$20
- a great gift idea for every member of the family
- so useful for the student, in the home, in the office, for grocery shopping, balancing the checkbook
- smartly designed and small enough to fit in your hand

now that really adds up!

Sibley's Stationery, Street Floor. Downtown and all suburban stores
