"Hey' they fit." These Bishop Kearney graduates just couldn't wait for graduation to see how they looked in their blue and white caps and gowns. Admiring one another are Mary Pat Callan, Bill Blum, Liza Genese, and Terry Principe.

Class of '75': Confident

, By JOAN M. SMITH

"I'm on my way to make my family fortune," confidently declared Aquinas senior **Bill Ruby** in discussing his future. Asked if he could recall his feelings as a freshman back in 1971 Bill said he remembered being scared when first arriving at Aquinas, but then he laughingly added, "Now I own the school."

Most of the 1975 seniors remembered being "scared frosh." **Holley Tucker** of St. Agnes was "scared to death" because of the new surroundings and wondering how things would work out.

The seniors at Our Lady of Mercy used the word "petrified" to describe their freshman feelings but according to Nazareth seniors their class was never scared!

Whether they had freshman fright or not, confident is how the attitude of the 1975 graduates.

Nazareth seniors, v

and St. Agness senior **Rosalind Brittian** summed up everyone's attitude when she commented, "I can accept situations more now then when I was a freshman."

This confident self-reliance resulted from the fact that the 1975 graduating classes were a motivating force behind many new programs their schools initiated. Bishop Kearney seniors were instrumental in starting senior banquets. The Mercy senior class is proud of the fact they formed a track team and included it in the school's athletic program. Nazareth seniors started getting busy in their freshman year when they negotiated for a frosh Christmas formal.

Looking back to 1971 Cardinal Mooney senior **Paul DeGruchy** observed, "At the time they (high school years) seemed to go slow but when you look back they really flew." All the young adults agreed that their high school days went by "super fast".

Of course when asked if they were unhappy leaving their

memories they will be taking with them like field days, song fests, fund drives, senior skip days, sport events, parties, fatherdaughter dinner dances, art shows, and Aquinas' **Bob Faso's** most vivid memory—jug—they all decided leaving was going to be more difficult then expected.

Page 16

The nostalgia disappeared, however, in their enthusiasm about their future which includes taking a year off from school to work and decide in which direction to go; going into business, the trades, community services; enrollments in colleges the list-of which reads like the Congressional Record: St. John Fisher, Nazareth, Colorado State, William and Mary; the Univer sities of Rochester, Notre Dame, Syracuse, and St. Louis. They will be pursuing careers in communications medicine, journalism, accounting, sociology, music and astro/physics.

As the graduating young adults are of cheerful yesterdays, and of confident tomorrows there is no doubt they are ready for the opportunities and experiences the world has to offer them. RapAround congratulates them, and wishes them the best of luck.
