

ANNOUNCING TWO NEW BURIAL CONCEPTS

At Holy Sepulchre Cemetery

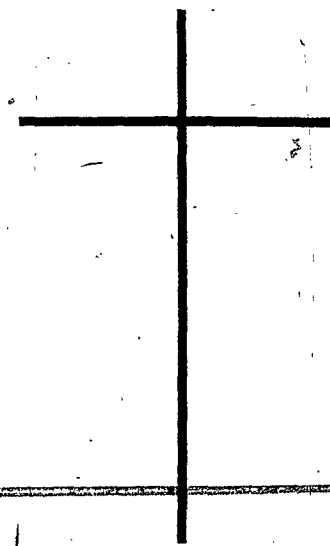

We invite families of the Rochester Diocese to acquaint themselves with these new facilities designed by a nationally known cemetery architect

Queen of Heaven Shrine Section

The Burial Park Concept in a Traditional Catholic Cemetery

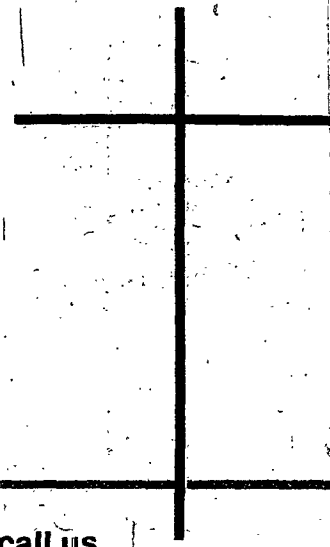

- The beautiful central memorial featuring Our Lady, Queen of Heaven, dominates the entire area — a reminder of Mary's protective love for all of us.
- Stately shade trees throughout the Section add quiet dignity to the area creating a park like atmosphere.
- Symmetrical rows of shrubbery enhance the grass-level flat memorial markers adding to the natural beauty of the Section.
- All lot sizes, singles and up, now available for immediate use or on a pre-need basis — entire Shrine Area under Perpetual Care.

Garden Section South 33

Featuring Monumented and Non-Monumented Lots in a Superbly Landscaped Setting

1. Distinctive lots with monument rights all set off by attractive screen plantings and ornamental trees.
2. Non-monumented lots interspersed with monumented lots form a series of individual garden areas that offer a feeling of intimate beauty and serenity.
3. Creative landscaping provides a natural sense of tranquility and peace, evolving from the balance of the old traditional monument concept with the new garden or park like plan.
4. All lots now available or on a pre-need basis covered by Perpetual Care.

For information concerning either of these innovative burial areas call us at 458-4110 and make an appointment with one of our counsellors.
