

IN THE SPIRIT OF THE SEASON...

We reach out as other shepherds and Magi have done since the first Christmas, in a courageous and continuing effort to bring peace and unity to the family of man. Because we continually strive for the support of the missions, there is always a danger that whatever we say here will have overtones of fund raising that are not intended. We sincerely wish to share with you our feelings of joy for this season and ask you to join us in a prayer for a year of peace throughout the world.
