All terms are taken from the Catholic Dictionary. I wonder how many readers were familiar with at least 80% of them (44 terms), and how many had the intellectual curiosity to look up the ones they did not recognize.

NEXT WEEK: Some practical suggestions.

Pediatrician To Discuss SIDS Research

The state of research into the sudden infant death syndrome will be described by Dr. Margaret Colgan at a meeting at 8 p.m. Tuesday, Nov. 30, at Genesee Hospital. Everyone interested is invited, and anyone who needs a ride may call Arlene Clifton at 225-4652.

Dr. Colgan, an associate professor of pediatrics at the University of Rochester, is chief pediatrician at Genesee Hospital and co-director of the new SIDS center there. Funded by the U.S. Public Health Service, the center is being developed by the university and the hospital as an education and counselling agency. It is open Monday through Friday from 9 a.m. until 5 p.m., and may be reached via 263-6017. Its services are free.

The Tuesday meeting will take place in the Bradley Room on the first floor of the Carlson Building.
