

When the box is sent
 to the
 central office

Photographed in February 1977.

The everyday results of severe weather conditions can be bad enough. But when a storm delays the receipt of the Social Security check you rely on, it could have even more serious consequences.

Well, thanks to Security's Sixty Set, you'll never have that problem again. You see, if you're 60 years of age or older, you're entitled to Guaranteed Direct Deposit of your Social Security check. That means your account will be credited on the third of the month whether Security's received your check from the Government by then or not! And there's more in the Sixty Set, including free checking. To learn about this valuable service, send the coupon today.
