

COURIER-JOURNAL

FAMILY TO FAMILY FILTER CAMPAIGN

HELP US REACH OUR GOAL OF 1800 FILTERS FOR VILA BELLA

Vila Bella means Beautiful Village in Portugese. It's not too beautiful though, when you see children with distended stomachs which are caused by worms. Worms that they contract from unpurified water.

We at the Courier-Journal would like to do something about the problem of worms and make Vila Bella truly a Beautiful Village.

This water filter costs \$10. We need 1,800 families to give \$10. to provide the 1,800 families of Vila Bella in Brazil with a water filter to rid the town's children of worms.

SEND \$10.00 TODAY! PLEASE!

(Not one cent will be used for administration or promotion. All money will be used for Vila Bella water filters.)

Yes, our family will provide a family in Vila Bella with a water filter. Enclosed is \$10.00 from our family.
