**EMERGENCY FURNACE REPAIR 244-6120**

If you haven't had an inspection in a while, you may need this number.

Have you checked recently for rust? How about your flame pattern adjustment? Are you sure you don't have any small leaks in fuel lines? Any of these can cost you money and they're easy to fix.

We want to give your furnace a check-up before cold weather, while we are not swamped with calls. We might head off an expensive breakdown...like in the middle of the night, on a weekend, when it's really cold.

Our inspection is free and we'll be honest. (Of course, we'll be happy to tell you just how good the Heil systems are, if you like.)

If you're not going to call us now, you'd better save this ad.
