

Now under construction AT HOLY SEPULCHRE CEMETERY

Resurrection Garden Mausoleum

This beautiful garden mausoleum is being built at Holy Sepulchre Cemetery in keeping with our tradition of giving the Catholic families of the Rochester area the best in cemetery services.

The new Garden Mausoleum along with our Queen of Heaven Shrine Section and the beautifully landscaped Garden Section, South 33, added to our existing traditional cemetery facilities, now offers a complete wide range of burial services to our Catholic Community.

If your family is thinking of its own needs, we suggest you investigate the many advantages of our new Resurrection Garden Mausoleum.

Completion of Resurrection Garden Mausoleum is scheduled for the Fall of 1977. Prior to the completion date, you may take advantage of the lower pre-completion prices and of course the best selection of crypts.
