Helping the Children . . .22

Southern Tier teachers in Catholic schools responded favorably to a program at St. Mary Our Mother in Horseheads. The program was designed to help them understand and deal with children whose parents are divorcing. Dr. Janet Foy, therapist with the Pastoral Counseling Service, noted especially the need for stability for the child, including stability in the classroom.

School Grows22

New Generation18

McQuaid Jesuit High School will celebrate its 25th anniversary in 1979 and is now adding a second generation to its community. A few of the first alumni sons will graduate in 1981 while others will be members of the 1982 anniversary graduation class. Ties and haircuts have changed according to the sons but they all agree that the McQuaid spirit is as enthusiastic as it was in their fathers day. A nostalgic look at the students of 20 years ago appears in RapAround.

Correction

In an article on Birthright (CJ 9-27-78) the final sentence should have read: "The fact that the girl comes in here, I think, is proof that she wants to be convinced, reinforced, into having the baby."
