1.5 MILLION AMERICANS A YEAR WILL NEVER KNOW THE BALLOT IS THEIR BIRTHRIGHT. They'll be killed before they're born. VOTE LIFE.

Those are the ugly facts of abortion. An estimated one and one-half million innocent children are denied their right to life in this country each year. *They* will never vote. *You* must vote for them.

Cast your ballot for Pro-Life Candidates who support legislation that protects life, including a Human Life Amendment to the

United States Constitution. Such an amendment would extend the existing right to life protection of the Constitution to *all* human beings from conception, but allow the exception to prevent the death of the mother.

Vote life. The unborn have no other defense.

PRO-LIFE designates those candidates who have affirmatively indicated support of a Human Life Amendment and related pro-life legislation. Especially Pro-Abortion designates those candidates in a particular race, who in the opinion of the Committee, based upon several indications, are the most objectionable. In addition to the four major parties, there are two noteworthy Pro-Life candidates on a minor party designation for Governor and Lt. Governor—Mary Jane Tobin and Ellen McCormick, respectively.
