**Dear Mr. Henderson*
we couldn't have said it any better**

***President of Rochester Telephone Corporation.**

We are making reference to your statement at the stockholders meeting of Rochester Telephone Corporation on April 20th, 1977:

"While our market surveys indicate that many residence customers will want to own their own telephones, we believe the business customer will continue to use first class service.

... with a quick response to trouble and around the clock maintenance."

First-class telephone service and around the clock emergency maintenance is what Rochester companies and families will be guaranteed by us, Local 1170 Communications Workers of America. Unless, of course, they buy their own phone.

**DO YOU REALLY WANT TO CALL
YOUR PHONE YOUR OWN?**

Do you really want your telephone to be like your TV set or toaster? Do you want to pay high repair bills to have your phone work? In the middle of the night when you need a policeman, fireman, ambulance, or have any other emergency call to make, do you want your phone to work? Do you want to give up the "security blanket" you now have for pennies a month? Can you be prepared for an emergency without your telephone???

LOOK AT THE COST COMPARISON . . .

If you now have one wall phone, one desk phone including the outlets, and buy them from Rochester Telephone Corporation, you will pay to the phone company \$86.00 and must pay this amount within 90 days.

If you have no repair trouble, it will take 27 months to recover your original investment of \$86.00 and if you have one repair-service call it will take you 37 months in which to recover your investment. The cost and inconvenience of repairing YOUR OWN PHONE is

- \$23.34 per hour for labor, plus parts and materials.
- If a test is needed—\$5.63
- Take your phone to 3441 W. Henrietta Rd. wait to have it repaired. Monday to Friday 9:00 A.M. to 5:00 P.M. only.
- Throw the phone away. Buy a new one at whatever cost. You get what you pay for.

THE CHOICE IS YOURS—LEASING YOUR PHONE IS YOUR BEST BUY
