A Change of Pace at Bishop Kearney

Recently, Bishop Kearney High School, under the direction of Sister Bernice Staub, moderator of the Student Council, held a mini-course day. The event was a first and it allowed teachers to instruct in a wide variety of interests in place of normal curriculum. Good grooming and hair fashion was a part of the day and in the lower left hand photo, Sister Claire Bonneau takes advantage of Hair Odyssey expertise for a new coiffure. Above, Cynthia Frawley, Nazareth College and BK student teacher, demonstrated theater makeup on junior Joan Hasby. Next photo shows Ms. Ann Flynn instructing her class in artificial respiration using the "resuci-annie" doll from the Irondequoit Town Hall. Doug Corea entertained his Geometry class with the history and use of frisbees. Bottom photo shows Ms. Jacki Fox's Science class awed by her powers of scientific magic. The day was sponsored by the Student Council and also included a demo in clownology, seminars given by the Civil Air Patrol, and lectures in interior decorating and child development.
