Career Looking

The Business Department of Our Lady of Mercy High School held an open classroom, Feb. 14-15. Underclassmen were invited in to visit classes for a first hand experience of what a bookkeeping, shorthand and typing class is really like. Above, Sharon Sharp receives an insight into the business field from Mrs. Joan Winfield of the Business Department.

Strikes, Spares

Aside from football, basketball, cross country, wrestling Aquinas also fields an interscholastic bowling team coached by Father Robert Klem. Sitting are Dan Polle, and Dan Volonino. Behind them are teammates Mike Visconte, Mark Zaffuto and Dan Ryan.

Youth in Business

During this week the reps will participate in workshops on organizing, capitalizing and operating a JA company. The conference will also include public speaking contests, best product contest, talent show, a dance each night, ending with the formal President's Ball and the election of the 1980 Conference officers.

A new program — Project Business which will introduce junior high school students to economics has been added to the local JA organization. The program was intitiated in Rochester this week in three school districts involving 325 students and 11 classes. Schools involved are: Burger Junior High, Webster Junior High, Athena, Hoover and Britton Road junior highs and Jefferson Junior High.

Businesses participating include Lincoln First Bank,

Kevin Paul and Associates, Sybron Corporation, Price Waterhouse Company, Rochester Savings Bank, Arthur Andersen Company, Marine Midland Bank, Ernst and Ernst, Gleason Works, Peat, Marwick and Mitchell Company, Eastman Kodak and Gannett Rochester Newspapers.

Project Business is a flexible program that makes economics fun for the junior students, providing them with knowledge about values, freedoms and responsibilities of the business system. Classes will be visited one period a week by a business consultant who will present a series of topics; economics, the American economy, money and banking, the market system, financial statements, choosing a career and consumerism.

The project has been in operation in the U.S. since 1976 and has grown from 1,000 to over 2,000 classes during the past year. This year there will be 4,000 classes involving 120,000 students.

Lenten Preparation

An Ash Wednesday assembly at St. Agnes High School will introduce students to activities which will be pursued in the school during Lent.

Guest speaker Kevin Morisroe, a third year student at St. Bernard's will explain a project to aid a poor area of Mexico. Father Walter Cushing, chaplain, will speak about planned religious events during Lent, particularly daily Mass.

As in past years, the St. Agnes Human Development Committee will sponsor a project to procure medical supplies for the Mexican area of Macuspana. Previous work for this area has resulted in the purchase of cows to support the people in a selfhelp plan to better their living conditions.

Other activities sponsored by the committee include participation in the Cancer Society's Daffodil Day in

ay March and the Red Cross gh carnival for the patients at the ns Rochester Psychiatric Center, be March 28.

> A Senior Triumph

A college bowl contest, pitting the seniors against juniors, was held at St. Agnes, Monday, Feb. 12. Co-captains of the senior team were Joyce Palmer, Barb Hellenschmidt, Tamie DiNolfo and Cheryl Sanfilipo. The junior team was headed by Regina Morano, Terry Williams, Barb Huber and Cathy Nolan. Ms. Bette Geen, English teacher, was mistress of ceremonies.

Questions were asked about many subjects including theology, history, literature, music, and spelling. It was a close match but victory went to the seniors who tallied a score of 440 points to the juniors 405.

By ERIK HEMDAL Cardinal Mooney

In our complex society government is necessary for several reasons. Government protects, orders and improves the lives of those it serves. Many of the services we need are provided or supported by government action. Street maintenance, police protection, school aid, recreation programs, water systems, and welfare programs are just a few of the items handled by some form of government. These programs can only be provided by the collective strength that government can apply. I feel that government is most useful for providing the things citizens want but cannot procure on their own.

Government can be examined as a trust or contract between the people and those they select to represent them and protect their interests. The men and women who work for the government must do for everyone what everyone would do for himself if he could. Because it breaches this contract, corruption or scandal in government is intolerable.

Recently, I have seen newspaper reports of alleged wrongdoing by members of the Monroe County Sheriff's Department. Although I cannot judge the truth of this charge, I can use it to illustrate my point. Whether or not wrong has been done, I feel that the allegation has disparaged the reputation of a fine department. This is unfortunate for both the Sheriff's Department and for the people it serves.

At any level, even a hint of corruption or scandal violates. our trust in government and weakens society. I am thankful for the honest men and women whose efforts make our government work well for us. May they never forget our reliance on their integrity.
